Summary:

The Course Selection Guide (CSG) contains all courses offered at Colleyville Heritage High School, Grapevine High School, Cross Timbers Middle School, Colleyville Middle School, Grapevine Middle School, and Heritage Middle School. The attached list shows the recommended additions, revisions, and deletions.

Between September and December, campus and central office leaders worked to review the existing course offerings and determine necessary revisions based on local and state factors. All additions, deletions, and revisions were made after stakeholder feedback and with the lens of what is best for the student. The main changes are listed below:

- Only thirteen additions to the CSG due to updated course offerings by TEA.
- Forty-eight CTE courses were revised to allow for opportunities for students to gain access to those courses to complete certain pathways and certifications.
- Revisions were made to several AP courses to include prerequisites to ensure students successfully complete the course.

- Seven CTE courses were deleted due to limited interest in the program of study.
- Other courses were deleted due to changes from TEA or changes to dual credit requirements.
