

APPLEGATE SCHOOL

COUGAR TAIL

November
2011

Hello Applegate Families-

It has been a very busy start to the 2011-12 school year! We had a wonderful turn out for our Open House, thanks to all of you that helped support our boys basketball uniform fund!

It was great to see parents out at conferences, I had the opportunity to drop in many and always enjoy that time to connect.

The season is underway, check out our schedule and stay for a game! Our fantastic PTSG put on an awesome Harvest Festival, yet another wonderful tradition going strong at Applegate .

Teachers and staff at Applegate are working hard to keep web pages up to date to assist you and your student at home. Please check out our website at www.threerivers.k12.or.us for lots of information about the happenings around our school.

Thanks for all you do to support your student, getting them to school on time, helping them to have time and a place to complete homework and connecting with the classroom teacher to keep informed on how your student is doing. It truly takes all of us working together!

Applegate School now has an outdoor viewing/observation butterfly house. Learning the life cycle can now be observed outdoors as well as in the classroom. Wood structures were donated by Applegate Lion's Club. Carpentry modifications were done by Richard Goodnough. Special thanks to both. Special thanks to the many donators of time, and other kind support go to Dakota Kappen, Tuffy Decker, Steve Jacobs, Austin Bristow, Richard & Thelma Goodnough, Patty Downing for Monarch caterpillars, Jill Hamilton, Punky Travallini, Tina Grow, Fields Home Improvement, and Home Depot.

Experimenting has begun !

Reminder

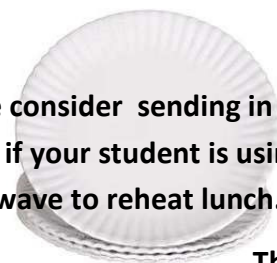

Turn your clocks back
