Memorandum

TO: Members of the Board of Education

FROM: Randy A. Liepa

DATE: January 26, 2012

SUBJECT: Long-Term Facility Planning

As relayed to you in my previous Board update, the January 30 Committee meeting will be dedicated to continued discussion regarding long-term facility planning and a potential bond issue. One of the areas we will review, in detail, is emerging trends in educational facilities. Information on this topic was provided to you previously and is included in today's packet as well. Also in today's packet are several other pieces of information to help facilitate Monday's discussions.

I look forward to continued conversation on Monday regarding our long-term facility planning.
