ACTION

BACKGROUND INFORMATION

This item has been moved from March, 2010 meeting Agenda

In reviewing the lease we currently have for construction-related portables (PK-K at Middle School, Grades 1-2 at OHS), it has become apparent that we have exceeded the term of the original lease (14 months), and will not vacate them until at least 24 months. By the time we pay the additional lease cost, and then charges for dismantling and transport away from CCCCSD – we will have paid almost the equivalent of the originally proposed purchase option. I have asked Nortex to submit a new proposal for purchase, attempting to gain as much credit as possible for lease payments-toward-purchase.

ADMINISTRATIVE RECOMMENDATION

(Pending purchase options presented by Nortex at meeting)

APPROVAL/DISAPPROVAL
