

# Van Purchase

## **Background:**

We had a lead on a used 12 passenger van with only 15 miles on it for \$57,900. As a part of our long term vehicle replacement plan, we intended to purchase a passenger van this year. We have a rotation in place for purchasing new vehicles to avoid having to replace several vehicles in one year. As you all remember, we are required to purchase a used vehicle when buying a passenger van that seats more than 10, so it is not always easy to find.

## **Recommendation:**

I recommend approving the purchase of a used 2024 Chevrolet Express 12 passenger van from Nielsen Motors of Humboldt for \$57,900.
