

**Board Report for Assistant Superintendent**  
May 2026

***Strategic Plan Focus Areas***

***Engagement***

- Our Operations and Community Education departments continue to work with the community to provide space for events. Ross Potgiesser and Sarah Bentley take the time to ensure our spaces are prepared and are meeting the mission of our students.
- Our Schedule Meeting will take place in May. This meeting will bring our internal staff and external groups/organizations together to ensure our facilities, including places like the auditoriums, are scheduled appropriately.

***Portrait of a Graduate***

- We continue planning for next year and years beyond related to staffing. While it is difficult to predict years out, we can set plans into play to be protective of the growing needs of the district.

***Health and Safety***

- Our Emergency Operating Plan (EOP) is moving along nicely. Greg DeGrand continues to provide information and guidance on related topics. We have ordered new supports for staff to be prepared.
- We will continue to use Ulliance and Care Solace to support our staff and students for the 2026-2027 school year.

Huge shout out to Ross and Corrina for putting together a new fleet and equipment list. This list will be used to plan for the next ten years including busses and operation vehicles.
