

# Secondary School Board Report

## September 2024

1. First weeks of school
  - a. The first weeks of school have gone extremely well!
  - b. Having secretaries in the office all summer allowed us to get more work done and be so much better prepared for students on the first day of school.
  - c. Thank you to our custodians for their hard work this summer. The building looked amazing!
2. Link Crew
  - a. Andrew Dirks and Megan Syrstad did an amazing job training our juniors and seniors over the summer to welcome and support our incoming 7th graders.
  - b. I have heard nothing but good things from the student leaders and the 7th graders. This experience has helped to create strong bonds and is a great example of "Learning Through Relationships". GO-CI-GO!
3. Math Corp Interventionist
  - a. We were approved for a Math Corp intervention grant again this year. Our new interventionist is Joe Jones.
  - b. Joe will be working with 7th and 8th grade students who need extra support in math based on their MCA and STAR testing scores.
  - c. Thank you to Natalia Lynch, our school psychologist, for her leadership and guidance getting this all set up and running smoothly.

### **UPCOMING EVENTS:**
