Space Settlement Design Tournament

Program Overview: The SSDT is a three-day space industry simulation experience for 200 talented high school students. Created specifically for Brownsville by a team of retired NASA engineers from the Houston Area and space exploration specialists from Brownsville, it is inspired by the prestigious Space Settlement Design Competition (SSDC) created and led by pioneer engineers in NASA's space exploration programs. During this immersion event, students participate in an unparalleled experience of preparing a design proposal for a settlement in space in response to the closest-to-real mock-Request for Proposal (RFP), set years in the future. Students can expect to create a human settlement in the inner solar system. However, elected students' backgrounds should cover a broad range of skills and interests including, but not limited to, Science, Engineering, Medicine, Business, Entrepreneurship, Marketing, Design, Psychology, Art, and Architecture.

Program Eligibility: Rising Seniors

- Rockets & Rigs-City of Brownsville,
- EXF Incubator Start Up emerging tech-city of Brownsville
- New Space Tech forum-city of Brownsville
- Capacity Building T. T. Academy

NewSpace Entrepreneur Academy (NSE Academy):

Program Overview: The NSE Academy is a program in ExF that engages students in higher learning and research while still in high school. NSE Academy builds on the past success of legacy programs created by ExF specialists, the 21st Century Astronomy Ambassadors and the STAGATE Academy. The NSE Academy purposes to provide 25 local students a 3-week immersion program that introduces high school students to concepts in Astronomy, Astrophysics, Physics, Computer Science, Engineering, Business, Basics of Startups Value Propositions, preparing students to see themselves as future entrepreneurs in NewSpace .

Who: Rising Seniors

Scorpion Academy for Secondary Success (SASS)

Program Overview: In conjunction with school district/s, the Scorpion Academy for Secondary Success (SASS) is designed to assist any senior pending graduation due to the Exit Level End of course Exams (EOC) requirements.

Program Eligibility: Seniors pending graduating due to EOC

- Students are provided a “head start” on college by affording them with the opportunity to take up to nine college credit hours at Texas Southmost College at no cost to the students: TBA
- Along with the college courses, students are provided intense tutoring in the EOC subject area of concern; school district/TSC.
- Students retake Exit Level EOC in Fall/Spring/Summer and continue with college courses after completion of program.
 - Students are required to apply for financial aid.
 - Students are encouraged to continue with college courses for second session and beyond.

Initial Phase:

Serve up to 250 students-full time

- Target students-BLA, the students who are simply pending EOC tests and/or have recently dropped out (5th year student) 17-18 student (call them back) (Snap Shot Students)
 - 17-18 cohorts to include 17-18 course completers
- If space permits, go after the 16-17 students
- Failed EOC; get them to pass the EOC so they can be counted as completed
- HS will have to be the first choice for EOC remediation; the SASS will be the second choice for EOC remediation and/or TSI preparation.
- Look at students from the Spring and Summer semesters; thereafter, look at students in April-May
- This is about completion of content and not seat time
- Teachers coming through have to complete special orientation and staff development on what this is all about-special and unique.

Special note: 8th-12th Transitional Students may also be targeted (500+ average students)

Next Steps:

- Identify the students/place in two cohorts (A/AS/AAS/AAT/CERT1)
 - School district Staff
 - TSC Staff
- Identify TSC/BISD staff to help establish the curricular offerings 7 draft schedules
 - Associate VPs for Instruction
 - Associate VP for Workforce Development
 - Assistant Superintendent for C&I
 - Assistant Superintendents
 - CTE Director
 - Director for Special Instructional Projects
