Dear Fort Vannoy Families,

What an amazing year this has been. It has truly been an honor being able to serve as principal this year at Fort Vannoy! I have been overwhelmed by the outpouring of support I have had from staff and families. I hope you are able to join us Thursday, June 7th at 5:30 for our First Annual Noble's Feast! It is a free family BBQ and a chance to celebrate the tremendous growth your student has made this year. Please have a safe and fun summer and don't forget to **READ!**

It is ALMOST SUMMER!! As we get ready to send off our students, we think about the many things that summer will hold for our students and one of those things is "the summer slide". According to the Children's Literacy Initiative, "summer slide" is defined as the skills students learn during the year are lost or forgotten over the summer. Here are 5 tips that the CLI offer to help prevent or slow down the slide. 1. Choosing the right books is important. If books are too easy or too difficult students tend to get bored or give up. 2. Set some goals together for over the summer, like reading for 30 minutes and practicing other skills for 30 minutes each day. 3. Make it fun! 4. Go to the library. 5. Read every day.

We asked our students what advice they would give the incoming class to practice over the summer.

These are their responses:

Reading lots of books to practice reading skills would be good. Thorin 

I would tell them to practice their math so they'd be ready for 2nd grade. Laylan

Science. You have to practice it as it can be hard. Sofia

I would tell them to read more. Siena 

I am telling you to draw at home so you can get better at it. Maddi

Read during summer break to get smarter. Riley 

Practice your math if I didn't do my math practice second grade would not be easy. Tony

 It was hard to read so I would practice reading to my Mom. Errol

You should go to summer school and learn. Never rush through anything so you get a good grade. Braelyn

I would tell them to practice their math facts. Aspen 

Try reading over the summer and practice listening at home. Carson

 Having nice handwriting is important. Practice it over the summer. Wynter

I would tell them to practice reading books. Mekaylenn

Try reading over the summer and practice your math facts.

Lilah 

Practice your math facts and be ready for big tests. Maverick

 It would be easier to practice math number sentences at home because you will get better at it. Maddy

They need to practice math facts. Lilly

Practicing for math to help them get better grades. Adrien
