## Why Organization Founded

Loujeanne Guye Ministries was born in 1999 out of a heart to help people and especially youth. Our primary objective is to encourage, equip and empower youth, teens primarily, at-risk of failing in school, dropping out of school, or becoming involved in delinquent behavior to capture the vision of their unrealized potential and assist them to reach beyond their limited situations--to ignite a desire in them for personal and educational enhancement.

In general, Loujeanne Guye Ministries was organized to equip and empower people via educational empowerment, not only for spiritual enrichment, but personal development and self-sufficiency.
