Authorization and Control

The Superintendent is authorized to direct expenditures and purchases within the limits of the detailed annual budget for the school year and pursuant to state purchasing and federal procurement requirements. Board approval for purchase of capital outlay items is required when the aggregate total of a requisition exceeds \$ [REDACTED], except the Superintendent shall have the authority to make capital outlay purchases without advance approval when it is necessary to protect the interests of the District or the health and safety of the staff or students. The Superintendent shall establish requisition and purchase order procedures as a means of controlling and maintaining proper accounting of the expenditure of funds that align with state purchasing and federal procurement requirements. Staff members shall not obligate the District without express authority. Staff members who obligate the District without proper authorization may be held personally responsible for payment of such obligations.

Bids and Contracts

With the exception of the purchase of curricular materials, whenever the cost of any construction, repair, or improvement; or the acquisition, purchase, or repair of any equipment; or other personal property necessary for the effective operation of the District exceeds twenty-five thousand dollars (\$25,000.00), formal bids shall be called for by issuing public notice as specified in statute as well as following federal procurement requirements. Specifications shall be prepared and be made available to all vendors interested in submitting a bid. The contract shall be awarded to the lowest responsible bidder, except that the trustees may reject any bid, reject all bids, and publish notice for bids once again. If after calling for bids a second time, no satisfactory bid is received, the Board may proceed under its own direction, subject to the approval of the State Board of Education.

In determining what bid is the lowest responsible bidder, the District will not only take into consideration the amount of the bid. The District will also consider the skill, ability, and integrity of a bidder to do faithful and conscientious work and promptly fulfill the contract according to the letter and spirit. References for the bidder should be contacted.

The Superintendent shall establish bidding and contract awarding procedures that align with state purchasing and federal procurement requirements.
