

## BOARD REPORT REGARDING FORM

**DATE:** July 25, 2025

**SUBJECT:** Approval of LoneStar Governance Progress Monitoring: Goal 1: Overall Target  
Goal 2: Overall Target

**BACKGROUND:** In June, Texans Can Academies provided a preliminary projection of overall EOC STAAR achievement, aligned with the Student Board Outcome Goals. At that time, the two goals presented were identified as off track. This update will offer the Board a transparent analysis of the final data and a projected Accountability A-F rating for the district. It will also outline the adjustments implemented within the TCA school system to improve performance in the 2025-2026 school year, work toward meeting the student outcome goals, and highlight key areas of success.

**ADMINISTRATIVE CONSIDERATION:** Student achievement under Lone Star Governance is measured through board-adopted Goals and Goal Progress Measures (GPMs), which are aligned with the desired student outcomes. Texans Can Academies will provide a comprehensive overview and analysis of the final EOC STAAR data, along with the superintendent's actions as outlined in the TCA Lone Star Governance Progress Monitoring Report.

**BUDGET IMPLICATIONS:** N/A

**RECOMMENDATION:** The Texans Can Academies Board of Trustees approves the LSG Progress Monitoring Report for Goals using Fall/Spring EOC STAAR overall results until A-F Accountability scores are released from the state.
