

Franklin Elementary

103 Country Club Road Hillsboro, TX 76645

June 2017 Board Report

Curriculum and Campus Updates

We are proud to announce significant growth in phonological awareness and mathematics! Our greatest gain was in math; mid year 89% of prekindergarten students reached the benchmark. Now 94% of our students have reached the math benchmark. 89% of our students reached the phonological awareness benchmark. Our Design Team has created the following goals :design and redesign YAG to align with new guidelines and progress monitoring tools, build vocabulary skills, increase family engagement, and continue technology integration. Our PTA will work to replace our playground canopy. During our final CIP meeting, we discovered that we accomplished most of our goals, however next year we will have more active shooter drills and create a stronger connection to college.

Professional Development

Summer is a time to rest, relax, reflect, and prepare for the upcoming school year. Franklin staff will focus on the 4Cs, digital portfolios, and designing engaging lessons during summer academies in June. Others will serve on the TEA advisory committee in Austin to write educator standards and attend the Region 12 Prekindergarten Conference in Waco.
