## Explanation of TPM Results for TAKS

updated April 22, 2010

[Student Assessment Home](#) | [Contact Student Assessment](#) | [Printing PDFs](#)

The Texas Projection Measure (TPM) is an estimate of whether a student is likely to pass the Texas Assessment of Knowledge and Skills (TAKS) tests at a future grade. This measure is based on (1) a student's current performance on TAKS and (2) the TAKS scores from all students in the campus that a student attends.

Below you will find the brochures *Understanding the Confidential Student Report—Texas Projection Measure* for [TAKS in English](#) and [TAKS in Spanish](#).

To view brochures from previous school years, visit the [Archive webpage](#).
