

Board Agenda Item Synopsis

Aubrey
Independent
School
District

Subject: Student Transfer Fees

Background Information: We have a policy that allows students to transfer into the district. We charge these students to attend our schools.

Administrative Considerations: Economic impact for the school and the transferring student's needs to be considered. We will receive the ADA for these students on top of what we charge them. We are charging them in order to make up some of the difference in state funding and local funding. The state sends us funding for them through their ADA. The local funding for these students comes in the form of transfer fees.

These are the same fees that we charged for the 2011-2012 school year.

Budgetary Impact: Local Funds Increase

Recommendation: Approve transfer fees

Recommended by: Dr. James Monaco
Superintendent

Meeting Date: February 22, 2012
