Memorandum Item 12e

FOR: School Board Members
FROM: Chris Reitan
DATE: May 22, 2024
SUBJECT: School Climate and Connectedness Survey Results

Included with this memo are CCSD's School Climate and Connectedness Survey results for the 2023-2024 school year. The School Climate and Connectedness Survey is facilitated by the Association of Alaska School Boards and provides districts information that can support our efforts to improve different aspects of our operations.

The CCSD administrative team has reviewed these reports and have shared them with staff. Our 2023-2024 School Climate and Connected Survey results indicate positive trends in almost every aspect of the survey related to the district's survey from last year and compared to other districts across the state.

I believe the survey results are a testament to our staff members efforts to positively connect with each student and family we are privileged to serve.

Suggested Motion: This is an information item. No motion for approval is required.
