CCSD Board Report Special Education January 2024

Currently have 109 students with an IEP, Craig brick and mortar currently has 45 students and PACE has 64 students with an IEP. We currently have 6 approved Intensive students. We have identified an additional student that may qualify as Intensive for next year's count.

Next Level Speech Therapy is currently serving 36 students in Craig and PACE with Speech services. Six students currently have signed consent and are undergoing the assessment process for special education eligibility. For next year the recommendation is to use tele-therapy vs. SERRC for the remainder of PACE students.

Planning for Pre-K school readiness screenings is currently ongoing with anticipated timeframe of Mid-February to Mid-March. Starting this third quarter our Special Education teacher from the High School will be spending part of the day at the Middle School to balance caseload and to promote good transition to the High School and more services to our students.

Michael D. Hautala
CCSD
Director of Special Education
