INDEPENDENT AUDITOR'S REPORT

Board of Directors
Sheridan School District No. 48J
Sheridan, Oregon 97378

We have audited the accompanying financial statements of the governmental activities, each major fund, and the remaining fund information of Sheridan School District No. 48J, Sheridan, Oregon, and Sheridan AllPrep Academy, its discretely presented component unit, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Sheridan Japanese School, a discretely presented component unit. Those statements were audited by other auditors, whose report has been furnished to us and our opinion, insofar as it relates to the amounts included for Sheridan Japanese School, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the remaining fund information of Sheridan School District No. 48J, Sheridan, Oregon as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4 through 11 and 43 through 44, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the management's discussion and analysis in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the management's discussion and analysis because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary comparison information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Sheridan School District No. 48J's basic financial statements as a whole. The individual fund schedules, other financial schedules, and supplemental information required by the Oregon Department of Education are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The individual fund schedules, other financial schedules, and schedule of expenditures of federal awards are the responsibility of management, and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The supplemental information required by the Oregon Department of Education has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

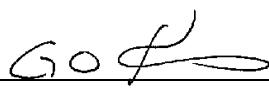

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have issued our report dated December 16, 2013 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Report on Other Legal and Regulatory Requirements

In accordance with Minimum Standards for Audits of Oregon Municipal Corporations, we have also issued our report dated December 16, 2013 on our tests of the District's compliance with certain provisions of laws and regulations specified in Oregon Administrative Rules. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing and not to provide and opinion on compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

MANAGEMENT'S DISCUSSION AND ANALYSIS

INTRODUCTION

As management of Sheridan School District No. 48J, Sheridan, Oregon, we offer readers this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2013. It should be read in conjunction with the District's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- At June 30, 2013, total net position of Sheridan School District No. 48J amounted to \$8,253,895. Of this amount, \$4,598,523 was invested in capital assets, net of related debt. The remaining balance included \$1,358,210 restricted for various purposes and \$2,297,162 of unrestricted net position.
- At June 30, 2013, the District's governmental funds reported combined ending fund balances of \$3,234,253.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to Sheridan School District No. 48J's basic financial statements. The basic financial statements are comprised of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets and liabilities with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

MANAGEMENT'S DISCUSSION AND ANALYSIS

Sheridan Japanese School and Sheridan AllPrep Academy are charter schools sponsored by the District and are reported as discretely presented component units. Their complete financial statements may be obtained from the District's administrative offices. The District is not financially responsible for the charter schools, but the nature and significance of their financial relationship with the District is such that exclusion would cause the District's financial statements to be misleading or incomplete. These component units are presented in separate columns in the government-wide financial statements to emphasize that they are legally separate organizations from the District. Revenues reported by the component units as state school fund monies equal the amounts passed through the District.

The government-wide financial statements can be found on pages 12 through 14 of this report.

Fund Financial Statements

The fund financial statements are designed to demonstrate compliance with finance-related legal requirements overseeing the use of fund accounting. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities and objectives. All of the funds of Sheridan School District No. 48J can be divided into two categories: governmental funds and proprietary funds.

□ **Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of available resources, as well as on balances of available resources at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains five governmental funds. Information is presented separately in the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances for the General, Special Projects, Debt Service, and Capital Projects Funds, all of which are considered to be major governmental funds, as well as for the School Nutrition Fund, which is considered to be a nonmajor governmental fund.

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

MANAGEMENT'S DISCUSSION AND ANALYSIS

Sheridan School District No. 48J adopts an annual appropriated budget for all of its funds. A budgetary comparison statement has been provided for each fund individually to demonstrate compliance with their respective budgets.

The basic governmental fund financial statements can be found on pages 15 through 18 of this report.

□ **Proprietary Funds**

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The District maintains one proprietary fund, which is an internal service fund.

Internal service funds serve as an accounting device used to accumulate and allocate costs internally among the District's various functions. The District uses the internal service fund to account for its unemployment insurance. Because this predominantly benefits governmental functions, it has been included within governmental activities in the government-wide financial statements.

The basic proprietary fund financial statements can be found on pages 19 through 21 of this report.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 22 through 42 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information, which includes budgetary comparison information for the General and Special Projects Funds. This required supplementary information can be found on pages 43 through 44 of this report.

Individual fund schedules can be found immediately following the required supplementary information on pages 45 through 48 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of the District's financial position. At June 30, 2013, the District's assets exceeded its liabilities by \$8,253,895.

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

MANAGEMENT'S DISCUSSION AND ANALYSIS

A large portion of the District's net position reflects its investment in capital assets (e.g., land, buildings, and equipment) less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets for classrooms and supporting services for providing kindergarten through twelfth grade education; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

District's Net Position

At the end of the current fiscal year, the District was able to report positive balances in all categories of net position. The District's net position increased by \$116,071 during the current fiscal year.

Condensed statement of net position information is shown below.

Condensed Statement of Net Position

	<u>Governmental Activities</u>	
	<u>2013</u>	<u>2012</u>
Assets		
Current and other assets	\$ 2,819,555	\$ 3,245,438

Net position - end of year	\$ 8,253,895	\$ 8,137,824

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

MANAGEMENT'S DISCUSSION AND ANALYSIS

Revenues

Since the District's mission is to provide a free and appropriate public education for kindergarten through twelfth grade students within its boundaries, the District may not charge for its core services. As expected, therefore, general revenues provide 82% of the funding required for governmental programs. Property taxes and state school funding combined for 97% of general revenues and 79% of total revenues.

Charges for services make up less than 3% of total revenues and are comprised of the following items for which it is appropriate that the District charge tuition or fees:

• Food services charges for lunch and breakfast	\$ 57,359
• Various student extracurricular activities	<u>234,130</u>
Total charges for services	<u>\$ 291,489</u>

Operating grants and contributions represent 15% of total revenues. Included in this category are \$997,912 of state reimbursements for special education programs and \$643,777 for grants and contributions to support various educational activities.

Expenses

Expenses related to governmental activities are presented in several broad functional categories. Costs of direct classroom instruction activities account for 60% of the total expenses of \$10,545,182. In addition, approximately 35% of the costs in supporting services relate to students, instructional staff, and school administration.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measurement of the District's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the District's governmental funds reported combined fund balances of \$3,234,253. Of this amount, \$790,017 constitutes unassigned fund balance, which is available for spending at the District's discretion.

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

MANAGEMENT'S DISCUSSION AND ANALYSIS

The General Fund is the chief operating fund of the District. At the end of the current fiscal year, total fund balance of the General Fund was \$1,190,017. Of this amount, \$400,000 was assigned to various purposes and the remaining amount of \$790,017 was unassigned.

Proprietary Fund

The District's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail.

Net position of the proprietary fund at year-end amounted to \$38,252, all of which is considered to be unrestricted.

BUDGETARY HIGHLIGHTS

Budget amounts shown in the financial statements reflect the original budget amounts and one approved appropriation transfer.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The District's investment in capital assets for its governmental activities as of June 30, 2013 amounted to \$10,769,141, net of accumulated depreciation. This investment in capital assets includes land, buildings, and machinery and equipment. The total depreciation related to the District's investment in capital assets for the current fiscal year was \$396,365.

Additional information on the District's capital assets can be found in Note III-C on pages 33 through 34 of this report.

Long-Term Debt

At the end of the current fiscal year, the District had total debt outstanding of \$5,819,422. This amount is comprised of general obligation bonds and qualified zone academy bonds. The District's total debt outstanding decreased by \$726,000 during the current fiscal year due to payments made.

Additional information on the District's long-term debt can be found in Note III-E on pages 34 through 37 of this report.

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

MANAGEMENT'S DISCUSSION AND ANALYSIS

KEY ECONOMIC FACTORS AND BUDGET INFORMATION FOR THE FUTURE

At the time these financial statements were prepared and audited, the District was aware of the following circumstances that could affect its future health:

- It is anticipated that the costs of providing medical insurance coverage to employees will continue to rise.
- State general fund revenue is expected to decrease statewide due to state revenues being lower than anticipated.
- Members of the Oregon Public Employees Retirement System are expected to be faced with increases in retirement contributions.

All of these factors were considered in preparing the District's budget for fiscal year 2013-2014.

The unassigned ending General Fund balance of \$790,017 will be available for program resources in fiscal year 2013-2014.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of Sheridan School District No. 48J's finances for all those with an interest. Questions concerning any of the information provided in the report or requests for additional information should be addressed to the Business Manager, DeAnn L. O'Neil, Sheridan School District No. 48J, 435 S. Bridge Street, Sheridan, Oregon 97378.

RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES
TO NET POSITION OF GOVERNMENTAL ACTIVITIES

June 30, 2013

Total fund balances		\$ 3,234,253
Capital assets are not financial resources and are therefore not reported in the governmental funds:		
Cost	16,195,882	
Accumulated depreciation	<u>(5,426,741)</u>	10,769,141
Property tax revenue is recognized in the net position of governmental activities when the taxes are levied; however, in the governmental fund statements, it is recognized when available to be used for current year operations. Taxes not collected within 60 days of the end of the year are not considered available to pay for current year operations and are therefore not reported as revenue in the governmental funds.		190,533
Internal service funds are used by management to charge the costs of unemployment insurance premiums to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.		38,252
The note receivable is not available to pay for current period expenditures and is therefore not reported as a governmental fund asset.		109,312
Deferred charges are not available to pay for current period expenditures and are therefore not reported as a governmental fund asset.		93,232
Long-term liabilities not payable in the current year are not reported as governmental fund liabilities. Interest on long-term debt is not accrued in the governmental funds, but rather is recognized as an expenditure when due. These liabilities consist of:		
Accrued interest payable	(10,210)	
Bond premiums	(351,196)	
Bonds payable	<u>(5,819,422)</u>	<u>(6,180,828)</u>
Net position of governmental activities		\$ <u>8,253,895</u>

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES

For the Year Ended June 30, 2013

Net change in fund balances		\$ (288,254)
<p>Amounts reported for governmental activities in the statement of activities are different because:</p>		
<p>Governmental funds report capital outlay as expenditures; however, in the statement of activities, the costs of these assets are allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.</p>		
Less current year depreciation		(396,365)
<p>Governmental funds report note receivable payments as revenue. No income is recorded in the statement of activities. Payments are treated as reductions of the asset.</p>		
		(2,358)
<p>Long-term debt proceeds are reported as other financing sources in the governmental funds. In the statement of net position, however, issuing long-term debt increases liabilities. Similarly, repayment of principal is an expenditure in the governmental funds, but reduces the liability in the statement of net position.</p>		
Debt principal paid		726,000
<p>Internal service funds are used by management to charge the costs of unemployment insurance premiums to individual funds. This activity is consolidated with the governmental funds in the statement of activities.</p>		
		(7,280)
<p>Some expenses reported in the statement of activities do not require the use of current financial resources and are therefore not reported as expenditures in the governmental funds.</p>		
Bond issuance costs	(12,527)	
Bond premium amortization	47,190	
	34,663	
<p>Property taxes that do not meet the measurable and available criteria are not recognized as revenue in the current year in the governmental funds. In the statement of activities, property taxes are recognized as revenue when levied.</p>

NOTES TO BASIC FINANCIAL STATEMENTS

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Sheridan School District No. 48J have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

A. Reporting Entity

Sheridan School District No. 48J functions as a local education agency, serving students in grades kindergarten through twelve, and consists of two schools. The District is governed by a five-member board of directors.

Sheridan Japanese School and Sheridan AllPrep Academy are charter schools sponsored by the District and are reported as discretely presented component units. Their complete financial statements may be obtained from the District's administrative offices. The District is not financially responsible for the charter schools, but the nature and significance of their financial relationship with the District is such that exclusion would cause the District's financial statements to be misleading or incomplete. These component units are presented in separate columns in the government-wide financial statements to emphasize that they are legally separate organizations from the District. Revenues reported by the component units as state school fund monies equal the amounts passed through the District.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on the activities of the District.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: (1) charges for goods and services provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds and proprietary funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting.

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, as well as expenditures related to compensated absences and early retirement, are recorded only when payment is due.

Property taxes, investment earnings, and charges for services associated with the current fiscal period are all considered to be susceptible to accrual and have therefore been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

General Fund – The General Fund is the primary operating fund of the District. It accounts for all financial resources except those required to be accounted for in another fund. The primary sources of revenue are property taxes and state revenues.

Special Revenue Fund

Special Projects Fund – The Special Projects Fund accounts for the proceeds of specific revenue sources that are restricted for specific purposes. The primary source of revenue is from federal grants. The primary uses of revenue are for salaries and employment benefits, education program enhancement, and equipment purchases.

Debt Service Fund – The Debt Service Fund accounts for the repayment of the District's long-term debt. The primary source of revenue is property taxes. The primary use of revenue is payment of principal and interest due on long-term debt.

Capital Projects Fund – The Capital Projects Fund accounts for major capital improvements within the District. The primary source of revenue is transfers from the General Fund. The primary use of revenue is capital outlay.

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Additionally, the District reports the following nonmajor governmental fund:

Special Revenue Fund

School Nutrition Fund - The School Nutrition Fund accounts for lunch sales to students and faculty. The primary sources of revenue are lunch sales and federal school lunch program grants. The primary uses of revenue are for salaries, benefits, and food purchases.

The District reports the following proprietary fund:

Internal Service Fund

Unemployment Insurance Fund - The Unemployment Insurance Fund is used to account for funds allocated for unemployment benefits. The primary sources of revenue are investment earnings and monies from other local sources. The primary use of revenue is for unemployment benefits.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989 are generally followed in the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include: (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

The District reports deferred inflows on the balance sheet of the governmental funds. Deferred inflows of revenue arise when potential revenue does not meet both the measurable and available criteria for recognition in the current period. Deferred inflows also arise when resources are received by the District before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both recognition criteria are met or when the District has a legal claim to the resources, the deferred inflow is removed from the balance sheet and revenue is recognized.

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed. Furthermore, committed fund balances are reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications can be used.

D. Assets, Liabilities, and Equity

1. Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the District to invest in legally issued general obligations of the United States, the agencies and instrumentalities of the United States and the states of Oregon, Washington, Idaho, or California, certain interest-bearing bonds, time deposit open accounts, certificates of deposit, and savings accounts in banks, mutual savings banks, and savings and loan associations that maintain a head office or a branch in this state in the capacity of a bank, mutual savings bank, or savings and loan association, and share accounts and savings accounts in credit unions in the name of, or for the benefit of, a member of the credit union pursuant to a plan of deferred compensation.

2. Property Taxes

Under state law, county governments are responsible for extending authorized property tax levies, computing tax rates, billing and collecting all property taxes, and making periodic remittances of collection to entities levying taxes. Property taxes are levied and become a lien as of July 1 on property values assessed as of June 30. Property taxes are payable in three installments, which are due on November 15, February 15, and May 15.

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Equity (Continued)

2. Property Taxes (Continued)

Uncollected property taxes are shown as assets in the governmental funds. Property taxes collected within approximately 60 days of fiscal year-end are recognized as revenue, while the remaining amount of taxes receivable are recorded as deferred inflows because they are not deemed available to finance operations of the current period.

3. Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost where no historical records exist. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance or repairs that do not add to the value of an asset or materially extend its life are charged to expenditures as incurred and are not capitalized.

Major capital outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Machinery and equipment	5-30
Buildings	25-40

4. Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the bonds outstanding method, which management has determined approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Equity (Continued)

4. Long-Term Obligations (Continued)

In the fund financial statements, governmental fund types recognize bond premiums, discounts, and issuance costs during the current period. The face amounts of debt issued are reported as other financing sources. Premiums received on debt issuance are reported as other financing sources, while discounts on debt issuance are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

5. Retirement Plan

Most of the District's employees participate in Oregon's Public Employees Retirement System (PERS). Contributions are made on a current basis as required by the plan and are recorded as expenses or expenditures.

6. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial element, deferred outflows of resources, represents a consumption of net position that applies to a future period and will therefore not be recognized as an outflow of resources (expense/expenditure) until that time.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and will therefore not be recognized as an inflow of resources (revenue) until that time. The District has only one type of item, which arises only under a modified accrual basis of accounting, that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that amounts become available.

7. Fund Equity

The District reports fund equity in accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The following classifications describe the relative strength of the spending constraints:

- Nonspendable fund balance - amounts that are in nonspendable form (such as inventory) or are required to be maintained intact.

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Equity (Continued)

7. Fund Equity (Continued)

- Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- Committed fund balance - amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority (i.e., board of directors). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint.
- Assigned fund balance - amounts the District intends to use for a specific purpose. Intent can be expressed by the board of directors or by an official or body to which the board of directors delegates the authority.
- Unassigned fund balance - amounts that are available for any purpose. Positive amounts are reported only in the General Fund.

Commitment of fund balance is accomplished through adoption of a resolution by the board of directors. Further, commitments of fund balance may be modified or rescinded only through approval of the board of directors via a resolution. Authority to assign fund balance has been granted to the Business Manager.

District policy requires a carryover fund balance of 5% of budgeted revenues.

E. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

The District budgets all funds in accordance with the requirements of state law. Annual appropriated budgets are adopted for the general, special revenue, debt service, capital projects, and internal service funds. All funds are budgeted on the modified accrual basis of accounting.

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (Continued)

A. Budgetary Information (Continued)

The District begins its budgeting process by appointing budget committee members. The budget officer prepares a budget, which is reviewed by the budget committee. The budget is then published in proposed form and is presented at public hearings to obtain taxpayer comments and approval from the budget committee. The budget is legally adopted by the board of directors by resolution prior to the beginning of the District’s fiscal year. The board resolution authorizing appropriations for each fund sets the level by which expenditures cannot legally exceed appropriations. Total instruction, support services, enterprise and community services, facilities acquisition and construction, debt service, interfund transfers, and operating contingency are the levels of control for the funds established by the resolution. The detailed budget document, however, is required to contain more specific detailed information for the aforementioned expenditure categories and management may revise the detailed line item budgets within appropriation categories. Unexpected additional resources may be added to the budget through the use of a supplemental budget and appropriation resolution. Supplemental budgets less than 10% of a fund’s original budget may be adopted by the board of directors at a regular board meeting. A supplemental budget greater than 10% of a fund’s original budget requires hearings before the public, publication in newspapers, and approval by the board of directors. Original and supplemental budgets may be modified by the use of appropriation transfers between the levels of control. Such transfers require approval by the board of directors. During the year, there were no supplemental budgets. The District does not use encumbrances and appropriations lapse at year-end.

Budget amounts shown in the financial statements reflect the original budget amounts and one approved appropriation transfer.

B. Excess of Expenditures Over Appropriations

The District expended funds in excess of the amounts appropriated, which is in violation of ORS 294.100. The following appropriation was over-expended for the fiscal year ended June 30, 2013:

<u>Fund</u>	<u>Function</u>	<u>Appropriations</u>	<u>Expenditures</u>	<u>Excess</u>
Unemployment	Instruction	\$ -	\$ 3,343	\$ 3,343

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS

A. Deposits and Investments

Sheridan School District No. 48J maintains a cash and cash equivalents pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the fund financial statements as cash and cash equivalents. Additionally, several funds held separate cash accounts. Interest earned on pooled cash and investments is allocated to participating funds based upon their combined cash and investment balances.

Investments, including amounts held in pooled cash and investments, are stated at fair value. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, investments with a remaining maturity of more than one year at the time of purchase are stated at fair value. Fair value is determined at the quoted market price, if available; otherwise, the fair value is estimated based on the amount at which the investment could be exchanged in a current transaction between willing parties, other than a forced liquidation sale. Investments in the State of Oregon Local Government Investment Pool (LGIP) are stated at fair value.

The Oregon State Treasury administers the LGIP. The LGIP is an open-ended, no-load, diversified portfolio offered to any agency, political subdivision, or public corporation of the state that by law is made the custodian of, or has control of, any fund. The LGIP is commingled with the state's short-term funds. To provide regulatory oversight, the Oregon Legislature established the Oregon Short-Term Fund Board and LGIP investments are approved by the Oregon Investment Council. The fair value of the District's position in the LGIP is the same as the value of the pool shares.

Because the pool operates as a demand deposit account, each fund's portion of this pool is classified on the combined balance sheet as cash and cash equivalents; however, Oregon Short-Term Fund investments are disclosed below and classified by custodial credit risk for investments.

The Treasurer makes short-term and long-term investments, which are held separately by several of the State's funds. Other investments are made directly by state agencies rather than by the Treasurer, although only a few agencies are authorized to make such investments and then only for specific programs. The State Treasury's direct investments in short-term securities are limited by portfolio rules established by the Oregon Short-Term Fund Board and the Oregon Investment Council.

A separate financial report for the Oregon Short-Term Fund Board is prepared by the Treasurer in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. Copies of the report can be obtained from the Oregon State Treasury, Finance Division, 350 Winter Street NE, Suite 100, Salem, Oregon 97301-3896.

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

A. Deposits and Investments (Continued)

Participants' account balances in the Oregon Short-Term Fund are determined by the amount of participants' deposits, adjusted for withdrawals and distributed interest. Interest is calculated and accrued daily on each participant's account based on the ending account balance and a variable interest rate determined periodically by the Oregon State Treasury. The interest rate approximates the actual yield of the Oregon Short-Term Fund, exclusive of unrealized gains and losses.

Credit Risk

Oregon statutes authorize the District to invest in obligations of the U.S. Treasury and U.S. agencies, bankers' acceptances, repurchase agreements, commercial paper rated A-1 by Standard & Poor's Corporation or P-1 by Moody's Commercial Paper Record, and the Local Government Investment Pool. The District has not adopted an investment policy regarding credit risk; however, investments comply with state statutes.

Investments

As of June 30, 2013, the District had the following investments:

	<u>Credit Quality Rating</u>	<u>Maturities</u>	<u>Fair Value</u>
Oregon Local Government Investment Pool	Unrated	-	<u>\$ 3,435,213</u>

Interest Rate Risk

The District does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increases in interest rates.

Concentration of Credit Risk

The District does not have a formal policy that places a limit on the amount that may be invested in any one insurer. 100 percent of the District's investments are in the Oregon Local Government Investment Pool.

Custodial Credit Risk - Investments

This is the risk that, in the event of the failure of a counterparty, the District will not be able to recover the value of its investments that are in the possession of an outside party. The District does not have a policy that limits the amount of investments that can be held by counterparties.

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

A. Deposits and Investments (Continued)

Custodial Credit Risk - Deposits

This is the risk that, in the event of a bank failure, the District's deposits may not be returned. All District deposits not covered by Federal Depository Insurance Corporation (FDIC) insurance are covered by the Public Funds Collateralization Program (PFCP) of the State of Oregon, organized in accordance with ORS 295. The PFCP is a shared liability structure for participating bank depositories. Barring any exceptions, a bank depository is required to pledge collateral valued at a minimum of 10% of their quarter-end public fund deposits if they are considered well capitalized, 25% of their quarter-end public fund deposits if they are considered adequately capitalized, or 110% of their quarter-end public fund deposits if they are considered undercapitalized or assigned to pledge 110% by the Office of the State Treasurer. In the event of a bank failure, the entire pool of collateral pledged by all qualified Oregon public funds bank depositories is available to repay deposits of public funds of government entities.

The District holds checking accounts at US Bank, for which deposits are insured by the FDIC up to \$250,000. At June 30, 2013, the District's had deposits of \$250,000 covered by FDIC insurance and \$356,369 collateralized under the PFCP.

Deposits

Cash and investments by fund:

Governmental activities - unrestricted	
General Fund	\$ 2,023,822
Capital Projects Fund	310,248
Unemployment Insurance Fund	<u>42,074</u>

Sheridan, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

E. Long-Term Liabilities (Continued)

2. General Obligation Bonds

General obligation bonds are direct obligations that pledge the full faith and credit of the District and are payable from ad valorem debt service levy proceeds. The District issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. The District's outstanding general obligation bonds represent funding primarily for building improvement projects. Interest is due semiannually in June and December. Interest rates increase at fixed rates over the life of the bonds in accordance with the original bond agreements. The Debt Service Fund has traditionally been used to liquidate long-term debt. In March 2012, a portion of the Series 2003 bonds was defeased, as described in Note III-E.4

3. Qualified Zone Academy Bonds

The District entered into a financing agreement dated July 29, 2009 under the Qualified Zone Academy Bonds (QZAB) Program. The QZAB Program provides no interest cost financing to purchase certain goods and services for schools located in eligible District areas (zones). The District received financing of \$1,000,000 from a local bank on July 29, 2009 for upgrades and improvements to Sheridan High School and Faulconer-Chapman School. Interest on the debt is paid by the United States government through the issuance of federal income tax credits to the holder of the QZAB debt (the bank). The rate of return to the bank was established by the United States government at the time of the sale. To reflect the time value of money, the liability recorded in the financial statements reflects future payments discounted at an imputed interest rate of 4.8%, which was the District's long-term borrowing rate at July 2009. The agreement requires annual payments of \$66,500 on July 29 of each year, and a final payment of \$69,000 on July 29, 2024.

4. General Obligation Refunding Bonds Series 2012

On March 27, 2012, the District issued general obligation bonds of \$5,570,000 (par value) with interest rates of 2-4% to advance refund the portion of the Series 2003 general obligation bonds maturing June 15, 2014 through June 15, 2022 with interest rates of 2% to 4% and a par value of \$5,530,000. The Series 2003 bonds mature on June 15, 2022 and were callable on June 15, 2013. The Series 2012 bonds were issued at a premium of \$404,191, and, after paying issuance costs of \$111,955, the net proceeds were \$5,862,235. The net proceeds from the issuance of the Series 2012 bonds were used to purchase state and local government securities, which were deposited in an irrevocable trust with an escrow agent to provide debt service payment until the Series 2003 bonds were called on June 15, 2013.

Sheridan, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

E. Long-Term Liabilities (Continued)

4. General Obligation Refunding Bonds Series 2012 (Continued)

The advance refunding met the requirements of an in-substance defeasance and the Series 2003 bonds were removed from the District's government-wide financial statements. As a result of the advance refunding, the District reduced its total debt service requirements by \$560,164, which resulted in an economic gain (difference between present value of the debt service payments on the old and new debt) of \$478,189.

The debt service fund is used to liquidate the debt. Interest is due semi-annually on June 1 and December 1.

5. Future Maturities of Long-Term Liabilities

Fiscal Year	GENERAL OBLIGATION BONDS Refunding Series 2012			QZAB Bond 2010 Issue

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

IV. OTHER INFORMATION

A. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. In addition, the District maintains an Unemployment Insurance Fund for the payment of future unemployment claims. No liability for unpaid unemployment claims has been recorded, as management is unable to reasonably estimate the amount or timing of future claims.

B. Retirement Plans

1. Oregon Public Employees Retirement System

Plan Description

The District contributes to two pension plans administered by the Oregon Public Employees Retirement System (PERS). The Oregon Public Employees Retirement Fund (OPERF) applies to the District's contribution for qualifying employees who were hired before August 29, 2003, and is a cost-sharing, multiple-employer, defined benefit pension plan. The Oregon Public Service Retirement Plan (OPSRP) is a hybrid successor plan to the OPERF and consists of two programs: the pension program and the defined benefit portion of the plan. OPSRP applies to qualifying District employees hired after August 29, 2003. Benefits are calculated by a formula for members who attain normal retirement age. The formula takes into account final average salary and years of service. Beginning January 1, 2004, all PERS member contributions go into the Individual Account Program (IAP), the defined contribution portion of the plan. PERS members retain their existing PERS accounts, but any future member contributions are deposited into the member's IAP, not the member's PERS account.

Both PERS plans provide retirement and disability benefits, post-employment healthcare benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. PERS is administered under Oregon Revised Statute (ORS) Chapter 238, which establishes the Public Employees Retirement Board as the governing body of PERS. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to PERS, P.O. Box 23700, Tigard, Oregon 97281-3700, by calling (503) 598-7377, or by accessing the PERS website at <http://oregon.gov/PERS/>.

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

IV. OTHER INFORMATION (Continued)

B. Retirement Plans (Continued)

1. Oregon Public Employees Retirement System (Continued)

Funding Policy

The District is required by ORS 238.225 to contribute at an actuarially determined rate for the qualifying employees under the OPERF plan and a general service rate for the qualifying employees under the OPSRP plan. The OPERF and OPSRP rates in effect for the year ended June 30, 2013 were 19.48% and 17.97%, respectively. The contribution requirements for plan members are established by ORS Chapter 238 and may be amended by an act of the Oregon Legislature. Covered employees are required by state statute to contribute 6% of their annual salary to the system, but the employer is allowed to pay any or all of the employees' contributions in addition to the required employer's contribution. The District has elected to pay the required employee contribution of 6% of covered payroll.

Annual Pension Cost

The District's contributions to PERS for the three years ended June 30, 2011, 2012, and 2013 were equal to the required contribution for each year.

Annual pension expenses/expenditures are summarized as follows:

Fiscal Year Ended June 30	Annual Pension Cost (APC)	Percentage of APC Contributed
2011	\$ 929,433	100%
2012	\$ 986,836	100%
2013	\$ 1,031,155	100%

C. Tax Deferred Annuities

The District provides tax deferred annuity contracts established under Section 403(b) of the Internal Revenue Code. Participation in the program is voluntary. Contributions are made from salary deductions from participating employees within the limits specified in the Code.

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

IV. OTHER INFORMATION (Continued)

D. Other Post-Employment Benefits

1. Retirement Health Insurance Account (RHIA)

Plan Description

As a member of Oregon Public Employees Retirement System (OPERS), the District contributes to the Retirement Health Insurance Account (RHIA) for each of its eligible employees. RHIA is a cost-sharing, multiple-employer, defined benefit other post-employment benefit plan administered by OPERS. RHIA pays a monthly contribution toward the cost of Medicare companion health insurance premiums of eligible retirees. Oregon Revised Statute (ORS) 238.420 established this trust fund. Authority to establish and amend the benefit provisions of RHIA reside with the Oregon Legislature. The plan is closed to new entrants after January 1, 2004. OPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to PERS, P.O. Box 23700, Tigard, Oregon 97281-3700, by calling (503) 598-7377, or by accessing the PERS website at <http://oregon.gov/PERS/>.

Because RHIA was created by enabling legislation (ORS 238.420), contribution requirements of the plan members and the participating employers were established and may be amended only by the Oregon Legislature. ORS require that an amount equal to \$60 or the total monthly cost of Medicare companion health insurance premiums coverage, whichever is less, shall be paid from the Retirement Health Insurance Account established by the employer, and any monthly cost in excess of \$60 shall be paid by the eligible retired member in the manner provided in ORS 238.410. To be eligible to receive this monthly payment toward the premium cost, the member must: (1) have eight years or more of qualifying service in PERS at the time of retirement or receive a disability allowance as if the member had eight years or more of creditable service in PERS, (2) receive both Medicare Parts A and B coverage, and (3) enroll in a PERS-sponsored health plan. A surviving spouse or dependent of a deceased PERS retiree who was eligible to receive the subsidy is eligible to receive the subsidy if he or she (1) is receiving a retirement benefit or allowance from PERS or (2) was insured at the time the member died and the member retired before May 1, 1991.

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

IV. OTHER INFORMATION (Continued)

D. Other Post-Employment Benefits (Continued)

1. Retirement Health Insurance Account (RHIA) (Continued)

Funding Policy

Participating entities are contractually required to contribute to RHIA at a rate assessed each year by OPERS; currently 0.59% of covered OPERF payroll and 0.50% of covered OPSRP payroll. The OPERS board of trustees sets the employer contribution rate based on the annual required contribution of the employers (ARC), an amount actuarially determined in accordance within the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed 30 years. The District's contributions to RHIA for the years ended June 30, 2011, 2012, and 2013 were \$12,243, \$23,958, and \$24, 870, respectively, which equaled the required contributions each year.

E. New Pronouncements

The Governmental Accounting Standards Board (GASB) has issued the following pronouncements that have future effective dates that will impact future financial presentations. Management has not currently determined what impact implementation of the following statements will have on future financial statements.

GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, will be effective for the District beginning with its fiscal year ending June 30, 2014. GASB Concepts Statement No. 4, *Elements of Financial Statements*, specifies that recognition of deferred outflows and deferred inflows should be limited to those instances specifically identified in authoritative GASB pronouncements. Consequently, guidance was needed to determine which balances being reported as assets and liabilities should actually be reported as deferred outflows of resources or deferred inflows of resources, according to the definitions in Concepts Statement 4. Based on those definitions, Statement 65 reclassifies certain items currently being reported as assets and liabilities as deferred outflows of resources and deferred inflows of resources. In addition, this statement recognizes certain items currently being reported as assets and liabilities as outflows of resources and inflows of resources.

SHERIDAN SCHOOL DISTRICT NO. 48J
Sheridan, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

IV. OTHER INFORMATION (Continued)

E. New Pronouncements (Continued)

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, will be effective for the District beginning with its fiscal year ending June 30, 2015. Statement 68 replaces the requirements of Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers* and Statement No. 50, *Pension Disclosures*, as they relate to governments that provide pension plans administered as trusts or similar arrangements that meet certain criteria. Statement 68 requires governments providing defined benefit pensions to recognize their long-term obligation for pension benefits as a liability for the first time, and to more comprehensively and comparably measure the annual costs of pension benefits. The statement also enhances accountability and transparency through revised and new note disclosures and required supplementary information (RSI).

F. Subsequent Events

Management has evaluated subsequent events through December 16, 2013, which was the date that the financial statements were available to be issued.

**INDEPENDENT AUDITOR'S REPORT
REQUIRED BY OREGON STATE REGULATIONS**

Board of Directors
Sheridan School District No. 48J
Sheridan, Oregon 97378

We have audited the basic financial statements of Sheridan School District No. 48J as of and for the year ended June 30, 2013, and have issued our report thereon dated December 16, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards.

Compliance

As part of obtaining reasonable assurance about whether Sheridan School District No. 48J's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes, as specified in Oregon Administrative Rules 162-010-0000 through 162-010-0320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures, which included, but were not limited to, the following:

Accounting records

Deposit of public funds with financial institutions (ORS Chapter 295)

Indebtedness limitations, restrictions, and repayment

Budgets legally required (ORS Chapter 294)

Insurance and fidelity bonds in force or required by law

Programs funded from outside sources

Authorized investment of surplus funds (ORS Chapter 294)

Public contracts and purchasing (ORS Chapters 279A, 279B, 279C)

State school fund factors and calculation

In connection with our testing, nothing came to our attention that caused us to believe the District was not in substantial compliance with certain provisions of laws, contracts, and grants, including the provisions of Oregon Revised Statutes, as specified in Oregon Administrative Rules 162-010-0000 through 162-010-0320 of the Minimum Standards for Audits of Oregon Municipal Corporations, except as follows:

1. The District expended funds in excess of the amount appropriated, which is a violation of ORS 294.100. The following appropriation was over-expended for the fiscal year ended June 30, 2013:

<u>Fund</u>	<u>Function</u>	<u>Appropriations</u>	<u>Expenditures</u>	<u>Excess</u>
Unemployment	Instruction	\$ -	\$ 3,343	\$ 3,343

OAR 162-010-0230 Internal Control

In planning and performing our audit, we considered the District’s internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the basic financial statements, but not for the purpose of expressing an opinion on the internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District’s internal control over financial reporting. However, we noted certain matters that we have reported to management of the District in a separate letter dated December 16, 2013.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses, as defined above. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

This report is intended solely for the information and use of the board of directors and management of Sheridan School District No. 48J and the Oregon Secretary of State, and is not intended to be, and should not be used by anyone other than these parties.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

For the Year Ended June 30, 2013

I. PURPOSE OF SCHEDULE

The schedule of expenditures of federal awards is a supplementary schedule to Sheridan School District No. 48J's basic financial statements and is presented for additional analysis. Because the schedule presents only a selected portion of the activities of the District, it is not intended to and does not present the financial position, changes in net position, nor the operating funds' revenues and expenses.

II. SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The information in the schedule of expenditures of federal awards is presented in accordance with OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

B. Federal Financial Assistance

Pursuant to the Single Audit Act of 1984 and OMB Circular A-133, federal financial assistance is defined as assistance provided by a federal agency, either directly or indirectly, in the form of grants, contracts, cooperative agreements, loans, loan guarantees, property, interest subsidies, insurance, or direct appropriations. Accordingly, non-monetary federal assistance, including federal surplus property, is included in federal financial assistance and, therefore, is reported on the schedule of expenditures of federal awards, if applicable. Federal financial assistance does not include direct federal cash assistance to individuals. Solicited contracts between the state and federal government for which the federal government procures tangible goods or services are not considered to be federal financial assistance.

C. Major Programs

The Single Audit Act of 1984 and OMB Circular A-133 establish criteria to be used in defining major federal financial assistance programs. Major programs for the District are those programs selected for testing by the auditor using a risk assessment model, as well as certain minimum expenditure requirements, as outlined in OMB Circular A-133. Programs with similar requirements may be grouped into a cluster for testing purposes.

D. Reporting Entity

The reporting entity is fully described in the notes to the District's basic financial statements. Additionally, the schedule of expenditures of federal awards includes all federal programs administered by the District for the year ended June 30, 2013.

E. Revenue and Expenditure Recognition

The receipt and expenditure of federal awards are accounted for under the modified accrual basis of accounting.

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors
Sheridan School District No. 48J
Sheridan, Oregon 97378

We have audited the basic financial statements of Sheridan School District No. 48J and Sheridan AllPrep Academy, its discretely presented component unit, as of and for the year ended June 30, 2013, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 16, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of Sheridan Japanese School, as described in our report on the District's financial statements. This report does not include the results of other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting (internal control) in order to determine our auditing procedures for the purpose of expressing our opinion on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses, as defined above.

We did not identify any deficiencies in internal control that we consider to be material weaknesses. However, we identified a deficiency in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs, that we consider to be a significant deficiency in internal control over financial reporting (item 13-01). A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Sheridan School District No. 48J’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and are as follows:

1. The District expended funds in excess of the amount appropriated, which is a violation of ORS 294.100. The following appropriation was over-expended for the fiscal year ended June 30, 2013:

<u>Fund</u>	<u>Function</u>	<u>Appropriations</u>	<u>Expenditures</u>	<u>Excess</u>
Unemployment	Instruction	\$ -	\$ 3,343	\$ 3,343

Sheridan School District No. 48J’s response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the District’s response and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CERTIFIED PUBLIC ACCOUNTANTS

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Board of Directors
Sheridan School District No. 48J
Sheridan, Oregon 97378

Report on Compliance for Each Major Federal Program

We have audited Sheridan School District No. 48J's compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2013. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the District's compliance.

Opinion on Each Major Federal Program

In our opinion, Sheridan School District No. 48J complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

Report on Internal Control Over Compliance

Management of Sheridan School District No. 48J is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Sheridan School District No. 48J's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses, as defined above. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Identification of major programs:

<i>CFDA Number(s)</i>	<i>Name of Federal Program or Cluster</i>
84.027, 84.173	Special Education Cluster (IDEA)
84.287	Twenty-First Century Community Learning Centers

Dollar threshold used to distinguish between Type A and type B programs:	\$300,000
Auditee qualified as low-risk auditee?	Yes

SECTION II - FINANCIAL STATEMENT FINDINGS

<u>Finding Number</u>	<u>Finding</u>
13-01	Inability to draft supporting notes to financial statements in accordance with accounting principles generally accepted in the United States of America.
Condition:	District staff and management have not demonstrated the ability to draft the supporting notes to the financial statements in accordance with accounting principles generally accepted in the United States of America.
Prevalence:	Entity-wide
Criteria:	In an ideal situation, District staff would possess the ability to draft complete financial statements, including note disclosures, in accordance with accounting principles generally accepted in the United States of America.
Questioned costs:	None
Effect:	The possibility exists that note disclosures may not be complete and accurate.
Recommendations:	We recommend that management continue to be diligent in reviewing the financial statements in conjunction with the current disclosure checklists to ensure that disclosures are in accordance with accounting principles generally accepted in the United States of America.
Management's response:	Management is aware of the deficiency and has implemented mitigating controls where it is practical to do so.

SECTION III - CORRECTIVE ACTION PLAN

<u>Finding Number</u>	<u>Corrective Action</u>
13-01	While it is improbable that staff will be added due to budget constraints, management and the board of directors will remain diligent in their monitoring duties.

SECTION IV - PRIOR YEAR FINDINGS

<u>Finding Number</u>	<u>Finding Status</u>
12-01	Repeat finding. See details.
