

*Summary of Instructional Improvements*

**1. Improve instruction through a data-driven framework**

- Implementation of the Daily 5 framework
- Use of data in vertical and horizontal alignment with a focus on depth of teaching and learning
- Collaborate between Mineola Primary and Elementary school with a focus on transitional success of all students
- Increase in professional development opportunities that strengthen teaching and learning

**2. Reorganize the infrastructure of Mineola Primary School to accommodate instructional improvements**

- Introduce PLC's as a vehicle to drive vertical alignment
- Use of Primary School academic council (leadership) to collaborate on areas of growth in student success
- Self-Contain 1st grade classrooms to increase instructional time
- Increase instructional time in all 2nd grade classrooms through a streamlined schedule
- Shift classrooms to allow for new teaching positions
- Inclusion of parent liaison in community building and outreach
