**BACKGROUND INFORMATION:** Each school district in Texas is required to conduct a class size enrollment survey for Kindergarten through Grade 4 no later than September 11, 2009, and weekly thereafter. If the survey indicates that any class for Grades K-4 exceeds the allowable class size limit of 22:1, the district must submit the enclosed class size waiver request and the current approved compliance plan to the State Waiver Unit within thirty (30) days of being out of compliance.

During the week of November 23, a life skills student in first grade entered the district from another town. First grade life skills is housed at FMC. They had all sections at 22:1. We have to file a waiver since one section will exceed the 22:1.

We have to submit the two (2) forms to the Texas Education Agency, if the board approves them.
