VISION Browning Public Schools is a safe environment that teaches personal and community wellness and provides support and strategies for overcoming adversity. **In Browning Public Schools, we are free to teach and learn successfully. We instill and develop respect and pride for self, family, school, community, our environment and all cultures through service to others. We model hard work and personal accountability through humility and dedication – demonstrating that these values are the responsibility of all. We cultivate and nurture strong partnerships with the community to build citizens who have a sense of place, respect for Mother Earth, and an understanding of the rights and responsibilities of, and to, all people in all communities.**
