

SUBJECT: Consideration and possible approval of Allowance Expenditure Authorization (AEA) No. A-018 for the 2017 Bond Transportation Center Replacement Project in the amount of \$51,150.

BACKGROUND: On October 24, 2023, the 2017 Bond Transportation Center Replacement Project contract was awarded to ICI Construction, Inc. in the amount of \$30,357,000.

AEA No. A-018 consists of the following item:

CPR No. 33R1: Existing Water Main Tap
Modifications at Lafferty Road: \$51,150

- During excavation of the existing water main on Lafferty Road, it was discovered that the public water line was not located within the grassed portion of the ROW (as typical and shown on the survey) but rather under the existing asphalt road. Thus, the proposed water line connection requires existing pavement removal and replacement of Lafferty Road.

Total AEA No. A-018: \$51,150

FINANCIAL IMPLICATIONS: Funding in the amount of \$51,150 is provided by the Contract Owner's Contingency Allowance for the 2017 Bond Transportation Center Replacement Project.

RECOMMENDATION: We recommend approval of Allowance Expenditure Authorization (AEA) No. A-018 for the 2017 Bond Transportation Center Replacement Project in the amount of \$51,150.
