Subject: Donation from Mrs. Ruth Hancock, Board President

North Early Learning Center is excited to accept a generous donation from West Orange-Cove CISD Board President Ruth Hancock. Mrs. Hancock donated two GEO train and track sets to the campus.

Mrs. Hancock said, "These were my grandchildren's who are now ages 10 and 14; and, they so enjoyed them and played with them for hours."

The GEO train and track sets include tracks, trains, and many structures with lights and moveable parts. The Geo train sets will be used to spark students' interest in science, technology, engineering and math (STEM).

North children and parents will have the opportunity to enjoy this donation during various family engagement activities.

North Early Learning Center Principal Sherry Hardin said, "On behalf of North Early Learning Center, we want to extend our gratitude to Mrs. Hancock for her generous donation that will help us engage our children and families as we cultivate their interest in STEM!"
