What is Alpena County Regional Airport (APN)?

- **APN is a Class 4, FAA Part 139 airport which means we have scheduled passenger service for aircraft up to 50 seats**
- **APN also supports daily cargo flights from FedEx and UPS**
- **APN is Shared Use airport, meaning a civilian owned airport that has a military tenant (Alpena Combat Readiness Training Center)**
- **APN also serves the County as an emergency equipment storage site**

What revenue does the Airport generate?

- **APN has land and facility leases**
- **Airlines embarking passengers at Alpena pay $4.37 per passenger to the Airport (PFC)**
- **The Airport also charges ramp and landing fees as well as a fuel flow charge paid by the fueling agency, Huron Aviation**
- **As part of the National Plan of Integrated Airport Systems (NPIAS) APN is eligible for FAA Airport Improvement Program (AIP) grants**

What the Airport Improvement Program (AIP)?

- **Provides >$3.18B annually to >3,300 eligible airports, distributed based on PAX and cargo**
- **Airports with >10k enplanements qualify for a min. $1M/yr. for infrastructure**
- **AIP does not pay for operating cost, and generally doesn't pay for maintenance costs or revenue generating facilities**
- **Project funding based on Eligibility, Justification, Cost, and Fundability**

4) CURRENT PROJECTS

3-26-0004-023-2018 Construct New Terminal (in close out process).

3-26-0004-025-2020 Remark Airfield Markings (in close out process).

3-26-0004-025-2020 Security Gate Replacement (in close out process).

3-26-0004-026-2020 Construct T Hangars (pending FAA approval).

X-XX-XXX-XXXX Rehabilitate RWY 1/19 (no project number assigned by FAA yet).
