RE: Todd Hall Sensory Path  
Project No. 23057

Dear Mrs. Whited:

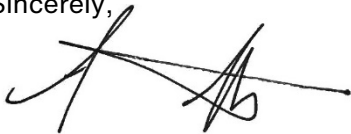

Proposals for the above referenced project were received by two contractors. A proposal tabulation sheet is herein attached for your review.

We have analyzed the proposals and the qualifications of the contractors and recommend that the Todd Hall Sensory Path project be awarded to the lowest bidder, **Paint the City**. Paint the City has provided two proposals for consideration. Option 1 (\$22,760.06) includes the installation of thermoplastic applications for the custom design components to match the proposed drawings provided by Studio GC. Option 2 (\$20,518.56) includes the utilization of local certified artists with artistic liberties to achieve the proposed design intent in lieu of custom thermoplastics. Links to work samples from these certified artists have been included on the proposal tab attached for reference. There are no allowance monies included in the project.

Studio GC will be at the Facilities Committee Meeting to further discuss the proposal results with the committee.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Athi Toufexis, AIA, ALEP, LEED-AP
