Re: Board Report February 2026

Goal: Portrait of a Graduate

- Our Women in Leadership Club was invited to join the *Michigan Young Enterprising Women Mentoring Forum* taking place on Monday, February 2, 2026, at Washtenaw Community College. Participants will engage in an interactive financial literacy workshop while being mentored by accomplished women in STEAM and other industries. Through real-world stories from successful entrepreneurs, they will explore future career paths, receive personalized advice and guidance, and build confidence and leadership skills as they envision new possibilities for their future.

Goal: Engagement

- Special Olympics Winter Games- A number of students from Independence Hall, along with staff traveled to Traverse City to participate in the Special Olympics of Michigan Winter Games. It was a very special time for our students to come together and celebrate their determination and inclusion
- Coming up in March, CHS will host the FIRST Robotics Competition from March 6–8. This event will be similar to the middle school competition held in November, but on a much larger scale. More than 40 teams will compete, with an estimated 1,500 visitors expected to attend. We wish Team 1502, *Technical Difficulties*, the very best of luck in the competition.

Goal: Health and Safety

- Back by popular demand, CHS will host our 2nd annual wellness day. This event will take place on March 11th, 2026. This half-day event will focus on the importance of wellness in all aspects of life, including mental, physical, and emotional well-being.

Throughout the day, we will welcome community members and guest speakers to share valuable insights and resources with our students. These speakers will address a variety of wellness-related topics, and we are thrilled to provide our students with the opportunity to engage in these important conversations.

Sincerely,
Amanda Clor
CHS Principal
