

SPOTLIGHT: Advanced Academics Spotlight 2024

DETAIL(s): The mission of the Advanced Academics Department is to be a source of an appropriately challenging education for a diverse population. The goal is to provide a differentiated program and an array of learning opportunities. This spotlight contains information from the Advanced Academics department for 2023-24 as required by the Texas Education Agency. The program summary shares information about (1) gifted and talented identification, (2) teacher certification and professional development, (3) student G/T programs, and (4) the Advanced Placement program. The attachment highlights some of this year's accomplishments that align with our mission of the Advanced Academics department.
