Background Information:

- As recommended in the Board audit and included in the Board agenda roll-up calendar, this annual report will focus on the number of policies reviewed and revised over the past year.
- In the 07-08 school year, we have had three post legislative updates including update 81- update 83. These three updates included a total of 30 local policies revisions with a review of numerous legal updates.
- Due to the operational nature of our policies, we also recently completed a review and revision process for our local X policies. In this process, 80 local policies were reviewed with revisions to 52 local policies.
- In addition to the updates and X policy review, we have also reviewed and revised four other local policies as needed.

Administrative Considerations:

- All of the above policies were reviewed by the administration and by the District's legal counsel in order to ensure that they reflect the practices of the district and the intentions of the Board.
- Superintendent's Cabinet is scheduled to do a comprehensive review of our Administrative Regulations on September 5, 2008 to ensure alignment with the aforementioned policy revisions and current district practices.
