

LASO Cycle 3 Approved Provider Search

*School Board Meeting
January 21, 2025*

Dr. Samuel Nix, Chief Academic Officer

WHAT SUPPORT DOES OUR DISTRICT NEED IN YEAR 3 OF IMPLEMENTATION?

Years 1 and 2 of implementation focused on change management and internalization for teachers. As we move into Year 3 of implementation, the need for support shifts to making customizations to reach our highest-needs students.

When searching the right-fit Approved Provider under LASO Cycle 3, we are looking for:

A collaborative, hand-in-hand relationship to build capacity in district-level and campus-level staff

Customizing curriculum in similar districts to ensure strong academic achievement and results

Curriculum expertise of team at the classroom / leader level to drive strong academic results

Increased frequency of support beyond curriculum, especially for Tier 2 and Tier 3 campuses

Direct leader & teacher coaching for educators novice to the content

A track record of results in campuses of similar size and demographics

RIGHT-FIT SERVICE EVALUATION

Organization
