**Subject:**

Consider Approval of Acceptance of the 2024 - 2025 Certification of Excess Debt Collections and the 2025 - 2026 Certification of the Anticipated Debt Collection Rate

**Background:**

A taxing unit that levies a debt tax must consider anticipated collections in calculating the debt component of its rollback tax rate. The Property Tax Code requires the tax assessor to certify an estimate of the debt collection rate for the current year to the governing body. If the anticipated debt collection rate in the preceding year had actual debt collections that exceeded the rate; the assessor must then certify the excess collected. The Property Tax Code also requires the assessor to compare the current and delinquent taxes, penalties, interest, collection fee, and agriculture rollbacks that were actually collected with the amount that should have been collected according to last year's anticipated debt collection rate.

**Fiscal Impact Statement**
