Hello Staff,

It is with sadness that I submit my resignation from your district. This position has been one of the favorites of my career. I was looking forward to instructing the new reading program and our competent staff is delightful to work with.

As you know, my health has been compromised and with that my vision. I'd been considering these issues and my challenging commute.

I learned this past weekend that my son's family is expecting a second baby in January, and they wish me to be nearer to support their family.

Again, I am saddened by this decision, but I realize that life is about filling your personal role rather than strictly professional considerations.

Thank you for the opportunity to work in your district and with your beautiful children. I have loved my position as grade 3 teacher.
