

The logo for Riddle's Heating & Air Conditioning features a stylized red and white snowflake or starburst icon on the left. To its right, the word "Riddle's" is written in a large, bold, orange font with a white outline. Below this, the words "HEATING & AIR CONDITIONING" are written in a smaller, bold, orange font with a white outline, all contained within a dark blue rectangular background with orange borders.

Riddle's

HEATING & AIR CONDITIONING

Riddle's Heating and Air Conditioning submits the following specifications and estimates for all A/C heating unit coolers, icemakers, and freezers throughout Waskom ISD during the following service period
July 2016- June 2017.

The proposed contract will include the following:

Changing all filters for A/C units monthly

Scheduled maintenance will be performed twice a year and include:

- Replacing all worn belts
- Chemical washing condenser coils
- Checking electrical connections
- Repairing any burned or discolored wiring that could result in future problems
- Flush condensate lines
- Install pan tablets in drain pans to prevent lines from stopping up
- Check and monitor operating pressures and temperatures
- Up to 3 pounds of Freon will be added to each system if needed and any units that need charged will have a leak search performed to prevent failure on equipment.

Any other repairs or functional parts are included in the proposed contract except compressors, condenser coils and evaporator coil's due to the Montreal protocol and the Clean Air Act. All other major repairs or significant amounts of Freon will be charged as time and material.

Montreal protocol and Title VI of the Clean Air Act

On January 1, 2010 the Montreal protocol and Clean Air Act required that HCFCs be reduced by 75%. Consequently manufactures they only produce HCFC-22 (R-22 Freon) to service existing equipment. New HVAC equipment cannot be manufactured including R-22 Freon as mandated by the federal government. As a result, air-conditioning manufactures may not produce new air-conditioners and heat pumps containing R-22 Freon.

RIDDLE'S HEATING AND AIR CONDITIONING CREDENTIALS

- * Texas state contractor's license # TACLB29837E
- * Included is a copy of our liability insurance, as well as the subcontractors for all refrigeration work.
- * Attached is a copy of my Trane Certificate of completion on 16 & 20 seer equipment. These systems can be found on the new addition of the high school campus.

Total cost for yearly maintenance service contract for 2016 - 2017 is \$33,800.00.

Thanks for allowing us to bid on your service contract,

Chris Riddle
