April 9th was **test day** at PHS. The juniors took the **SAT**, and our freshmen and sophomores took the **PSAT**. Seniors, however, used this time to have our first ever Senior Conference. Students signed up in advance for sessions that were offered on a variety of topics they will need to know about upon graduation and transition into adult living. Kudos to Mrs. Maxwell for organizing and planning this event! We look to grow this event and add more options for our seniors next year.

This year PHS and Pana Community Hospital partnered to offer a new program for students interested in healthcare careers called High School to Healthcare (**HS2HC**). The goal of the FREE 9 week program is to provide students and opportunity to see local professionals and job shadow along with providing them with hands-on experience. The first group of “graduates” can be seen here.

The **National Honor Society** inducted its' new members on Friday, April 12th at 7pm in the Panther's Den. It was a packed house as families came out to support their students!
