

**741 Workers Compensation**  
**Board Reviewed: January 20, 2026**

All school employees are protected under the Minnesota Workers Compensation law.

This insurance protects you in case of injury while on the school ground or in the school buildings, or working with school equipment during any time of the day or night, while on duty. However, you must be doing school work for the school district at the time of the accident or misfortune.

The Superintendent of Schools, or his designee, must be notified immediately of the accident, no matter how minor the accident or injury regardless of apparent consequences.

The premium for the above insurance is paid by the local School District in accordance with Minnesota Statutes.
