

BP _____ Spectator Code of Conduct

The School Board recognizes the role of extracurricular activities in defining ethical behavior and developing personal character in students. Accordingly, the School Board expects that all spectators, which includes, students, parents, family, and friends, whether at School District activities on District property, at another school district's property or at a third party site, adhere to the following Code of Conduct.

1. Demonstrate a high degree of sportsmanship.
2. Show support for participants by making only positive comments.
3. Show respect for the judgment of coaches, officials and referees.
4. Monitor the safety of children in bleachers and stands.
5. Respect the law: all public schools are a smoke-free and substance-free environment.
6. Activities regardless of their location are an extension of the classroom.
7. Show respect for District officials while spectating any activity.
8. The School Board does not condone having its employees subject to name calling, defamation of character, threats or coercion of any kind.

Spectators who violate this Code of Conduct may be ejected from the event or activity. This is true whether the School District activity is on School District property, at another school district, or at a third party site, such as a Regional or State competition. Based on the severity of the violations, violators may also receive a written letter of reprimand, formal censure by the School Board and/or suspension from attending School District activities. The District reserves the right to call law enforcement agencies for egregious conduct at a School District activity. The District may request that law enforcement remove the spectator and ask that charges be filed against the spectator.
