
Early Childhood Program

February 19, 2015

Pre-K Students

School	AM	PM	Full day
Little Raiders University	11	18	3

Academics

As part of our curriculum last month we had a large focus on Science. We studied the moon and the various phases of the moon. As part of the curriculum we took bites out of Oreo cookies and talked about what phase of the moon it looked like. We studied winter, winter weather and penguins. We talked about Martin Luther King and had a celebration for all he accomplished. Irving Elementary School had a puppet show about Ananzi the Spider at a community meeting that we attended which the students thoroughly enjoyed. We also had a very fun birthday celebration for one of the students.

Human Capital

Professional Development:

We watched a webinar on the Brigance Testing in the Preschool classroom and practiced testing each other and our students.

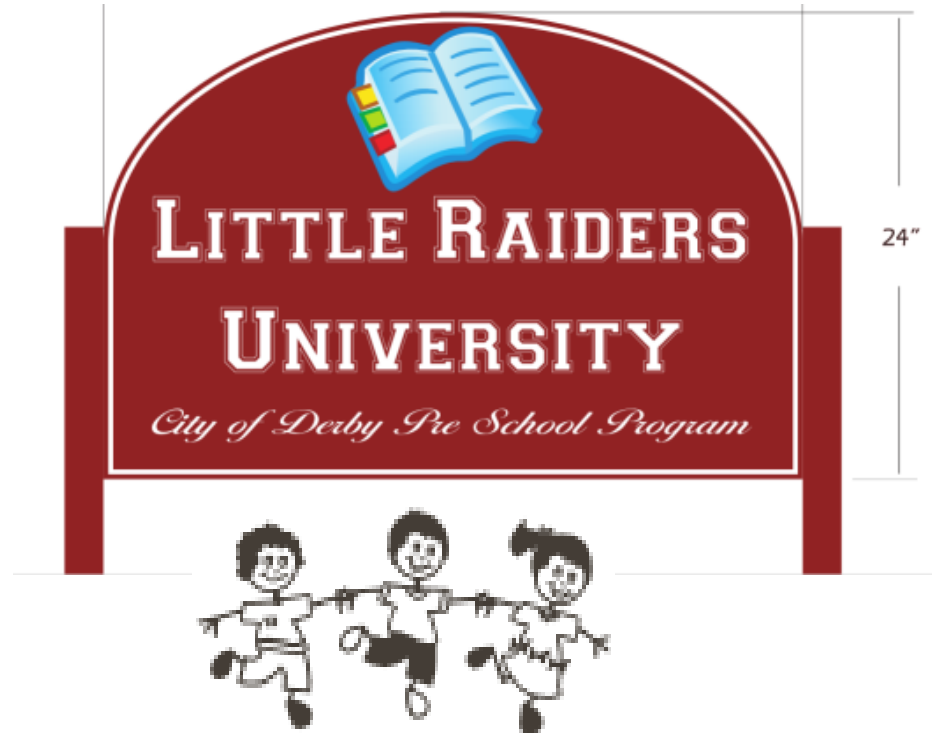

We are in the self study process with our NAEYC accreditation.

Operations

Our first day at the new Preschool was January 5, 2015. The students were amazed at how beautiful and big the new school is. The ribbon cutting was January 15, 2015 and was well attended.

Culture & Climate

We are in the process of having the signage created. We are using Executive Sign Management LLC, Mike Breault.

We are also having t-shirts and sweatshirts with Little Raiders University and the Derby arrow as part of the logo designed. We are using Blanchette Sporting Goods Inc.
