Information Technology Department

## **Memorandum**

**To:** Phil Francis, Director of Operations  
**From:** Tim Klan, Administrator of Information Technology  
**Date:** June 13th, 2017  
**RE:** **Recommendation to Purchase Mobile Devices and Carts**

---

Please include a Recommendation to purchase Mobile Devices and Carts on the agenda of the Board of Education, Committee of the Whole Meeting, on June 19, 2017. We would like an opportunity to discuss this recommendation with the Board of Education.

The recommendation is to purchase 4000 Chromebooks, 100 carts, and deployment services for the Chromebooks from Presidio (formerly Netch). The plan shared with and supported by school principals is to allocate 51 carts to our K-6 elementary schools, 15 carts to our middle schools and 34 carts to our high schools. 300 of the devices will be purchased without carts to be utilized for Elementary small group instruction data collection-formative and summative.

The total cost of this project is \$1,407,100. The purchase will be made using funds included in the 2013 Bond budget, using the State of Michigan's 22i SPOT Bid pricing. Because we are utilizing pricing from the 22i SPOT Bid, no additional bids are required.

Thank you for your attention to this request.
