A. EDUCATIONAL IMPACT STATEMENT

This resource is fully aligned with the Common Core State Standards for Mathematics and the Standards for Mathematical Practice. As the majority of Morton students are enrolled in the Integrated Math pathway, this comprehensive resource—which includes an online textbook, printed workbook, and access to the individualized MATHia practice platform—will play a critical role in supporting their learning. MATHia offers targeted remediation and enrichment opportunities, helping students strengthen their foundational and current math skills through personalized practice. To ensure high-quality instruction, professional development included with this purchase will support both new and experienced teachers in effectively implementing Carnegie resources and instructional strategies.

B. SCHOOL IMPROVEMENT GOAL STATEMENT

This textbook adoption supports our school improvement goals by ensuring all students have equitable access to rigorous, standards-aligned instructional materials. The integration of consistent, high-quality resources across the Integrated Math curriculum will help improve student achievement, support differentiated instruction and foster critical thinking and mathematical reasoning. This initiative is designed to increase student engagement, reduce achievement gaps, and better prepare students for success in advanced mathematics, college, and career pathways.

C. STATUTE, BOARD POLICY OR RULE STATEMENT

NA

D. FISCAL IMPACT STATEMENT

COST: 336,856.75

SOURCE: Textbook Account

E. SUPERINTENDENT'S GOALS (check all that apply)

- ☐ ACCOUNTABILITY
- ☒ ENHANCED LEARNING OPPORTUNITIES
- ☐ ENSURE PARENTS AND THE COMMUNITY ARE ACTIVE PARTNERS IN THE PROCESS
- ☐ PROVIDE SAFE AND WELL-MAINTAINED SCHOOLS TO ENHANCE LEARNING
- ☐ RUN AN EFFICIENT BUSINESS OPERATION

F. IMPLEMENTATION AND ASSESSMENT PLAN

Professional development for teachers will begin in the summer to prepare new staff and continue throughout the school year to support ongoing implementation. Instructional effectiveness and student learning will be monitored through classroom assessments, course success rates, and progression into advanced coursework. Student growth and performance in Integrated Math will help determine the impact of the new resources and guide future instructional decisions.

ADMINISTRATION'S RECOMMENDATION

Recommended by Megan Holub, after considerations and research provided from Hanover Research.
