BACKGROUND INFORMATION:

A school district may offer to provide flexible hours and days of attendance for students who are at risk of dropping out of school or as a result of attendance requirements under the TEC. 25.092, or will be denied credit for one or more classes.

The Optional Flexible School Day Program (OFSDP) allows the school district to develop and make application for a program providing this flexible time. To participate in the OFSDP, the board of trustees must hold a public hearing concerning the proposed application. In addition, the board of trustees must conduct public hearings annually to review the performance of the program.

The OFSDP will provide an additional opportunity for students on any secondary level campuses with special circumstances to have a more accommodating schedule.

The OFSDP application is included for your consideration and possible action item under Optional Flexible School Day Program Application.
