

District: Tupelo Public School District
Section: J - Students
Policy Code: JGEA - Physical Examinations of Students

PHYSICAL EXAMINATIONS OF STUDENTS

Students are the first concern of the Tupelo Public School District. Their growth and well being are the district's primary concern; therefore, the Board authorizes the administration of hearing and vision screenings to all students in **grade 2** experiencing academic difficulties resulting in non-satisfactory performance. Non-satisfactory performance is deemed to mean failing or nearly failing when compared to the Tupelo Public School District grading scale. The goal of this screening effort is to expedite the identification of any auditory or vision problems that may be affecting a child's ability to learn.
