---

TO: Board of Education  
FROM: Dr. Carol Kelley  
SUBJECT: SAY Data Agreement  
DATE: January 10, 2017

On December 6, 2016, I shared a memo with the Board of Education for your consideration and subsequent approval (upon review from our attorney) of a data sharing agreement with SAY. As a reminder, the SAY (Success of All Youth) Data Team has approved a set of measures reflective of the child/youth outcomes determined by the SAY Steering Committee. SAY asked our district to sign the attached agreement by December 23, 2016 and provide a response regarding when and in what format data can be made available. Their goal is to submit a Baseline Report to the SAY Steering Committee on January 27, 2017.

As promised on December 6, 2016, this document was shared with our attorney for review and feedback. Attached, please find a revised red-lined version and clean version of the SAY data sharing agreement for your review and consideration.

Upon your approval on Tuesday, the administration will share a clean copy of the approved agreement to SAY for signatures.
