RE: Revised FY 09 MAEP Allocations

Listed below is your district's revised FY 09 MAEP allocation for the add-on programs of Special Education, Gifted, Vocational Education, and Alternative Education. You may review the teachers selected for teacher unit funding by accessing MSIS. (Under Reports select Personnel Snapshot; then MAEP; then Selected MAEP Listing and the TU Edit Reports) These revisions are based on the following:

- Special Education - Based on personnel data submitted on the MSIS Personnel report and any December graduate and 504 teacher unit requests granted by the Special Education Office.
Vocational Education - Based on personnel data submitted by your district on the MSIS Personnel Report and any December graduate requests granted by the Vocational Education Office.
Gifted Education - Based on personnel data submitted by your district on the MSIS Personnel Report and any December graduate requests granted by the Office of Gifted Education.
Alternative School - Based on the number of Alternative School units earned by your district (2008-09 mo. 2 & 3 ADA X .0075 X Statewide average per pupil expenditure for 2007-08. The minimum number of units that can be earned is 12.)

The Transportation allotment will be based on a density rate table approved by the State Board of Education. We will revise the transportation allocation once all districts have submitted their request for special education and vocational education contract transportation.

Table with 5 columns: Dist. No.: 4120, District Name: TUPELO, Original FY 09 Allocation, Revised FY 09 Allocation, Difference, Teacher Units Approved. Rows include MAEP BASE Amount, Special Education - Add-On, Gifted Education - Add-On, Vocational Education Add-On, Alternative Ed. - Add.On, Transportation - Add-On, Total FY 09 Allocation, Budget Cut - Reduction Amt, and REVISED FY 09 Allocation.
