Purpose of Report

The International Baccalaureate Programmes in Denton ISD have become a premier destination for outstanding instruction and college prep. We want to share our current state with regards to reauthorizations in 4 of the 5 programmes and obtain approval for a video release for our district website.

Objectives (One sentence, bulleted statements of the objectives of the programs or activity for which the report is written)

- Show new IB Video
- Share reauthorization current status
- Share celebrations

Operational Impact

Reauthorization from the IB Headquarters typically accompanies “items to be addressed” for each of the local campuses. A plan to successfully address these items will be drafted and carried out with each staff creating the plan.

The IB video will be used on our district website as a tool to showcase our outstanding programmes and the opportunities for all students to experience. The video will also allow future Denton ISD parents to view what is available instructionally from each of these campuses.

There are no additional financial commitments being requested at this time.
