

Vicksburg Community Schools Administrative Guidelines

5500E - POSITIVE DISCIPLINE PLAN (HIGH SCHOOL)

Vicksburg Community Schools is dedicated to creating and maintaining a positive learning environment for all students. Teachers, administrators, parents, and students must assume a responsible role in promoting behavior that enhances academic and social success. Courteous, respectful, and responsible behavior fosters a positive climate for the learning community.

The Code of Student Conduct sets forth student rights and responsibilities while at school and school-related activities, and the consequences for violating school rules. When determining the appropriate action to be taken as a consequence of student misconduct, school officials may use intervention strategies and/or disciplinary actions, depending upon the severity or repetition of misconduct; age and grade level of the student; circumstances surrounding the misconduct; impact of the student's misconduct on others in the school community, and any other relevant factors.

The Code of Student Conduct will be administered uniformly and fairly, without partiality or determination.

WHEN AND WHERE THE CODE OF STUDENT CONDUCT APPLIES:

The Code of Student Conduct applies before, during, and after school:

- A. when a student is at school;

"At school" means in a classroom, elsewhere on school premises, on a school bus or other related school-related vehicle, or at a school-sponsored activity or event, whether or not it is held on school premises.
- B. when a student's conduct at any other time or place has a direct and immediate effect on maintaining order and discipline, or on protecting the safety and welfare of students or School District staff; and
- C. when a student is using school telecommunications networks, accounts, or other District services.

STUDENT RIGHTS AND RESPONSIBILITIES:

Individual rights relate to individual responsibilities and must be seen in relationship to the safety, health and welfare of all students in each school.

Expectations of student conduct should be kept within the bounds of reasonable behavior expected of all members of the community. Students should have freedom and encouragement to express their individuality in school, as long as their conduct does not intrude upon the freedom of others. This applies especially to the freedom of fellow students to receive instruction. There must be a balance between individual freedom and the orderly operation of a classroom. This balance will be determined by a school administrator.

All students should recognize the consequences of their language, manners, and actions toward each other and school staff. Students need to understand that they benefit from an orderly school operation and, as members of the school community, acknowledge their responsibility to promote a good learning environment.

If a student feels unsafe or is threatened, the student or the student's parent/guardian should contact the principal.

VIOLATIONS OF THE STUDENT CODE OF CONDUCT:

The definitions of misconduct are not all-inclusive, but only representative and illustrative. A student who commits an act of misconduct not listed herein is nonetheless subject to disciplinary action.

School District staff may use intervention strategies such as teacher/student conferences, auxiliary staff/student intervention, and teacher/parent/guardian contacts. Specific types of disciplinary consequences are defined under TYPES OF DISCIPLINARY ACTION AND PROCEDURES. At the option of school administrators, a student accused of any violation of the Student Code of Conduct may be referred to a school social worker or counselor, in conjunction with or in lieu of other disciplinary procedures. Where the misconduct is subject to mandatory discipline under State law, however, the School Board will act to impose any mandatory sanctions.

SHORT-TERM SUSPENSION:

A short-term suspension occurs when a student is suspended for one (1) school day, up to and including ten (10) school days. During a short-term suspension, the student's rights and privileges of attending school, including extra-curricular activities, are suspended. In addition, students who are suspended may not be on Vicksburg Community Schools property unless authorized by an administrator.

LONG-TERM SUSPENSION:

A long-term suspension is when a student is suspended for more than ten (10) school days. During a long-term suspension, the student's rights and privileges of attending school, including extra-curricular activities, are suspended. In addition, students who are suspended may not be on Vicksburg Community Schools property unless authorized by an administrator.

EXPULSION:

An expulsion occurs when the School District's Board of Education terminates the student's rights and privileges to attend school, including extra-curricular activities. As expulsion is for an indefinite time, unless otherwise specified by the School Board or State law, the parent/guardian of the student may petition the School Board to request the student's reinstatement to school, as permitted by State law.

ATTENDANCE POLICY:

The School District emphasizes the value of regular attendance in enabling students to benefit from the school's education programs. Michigan law places responsibility on each student to attend school on a daily basis, and on each parent or guardian to send their child to school on a daily basis.

More important, however, is the effect of regular and punctual attendance on the student's scholastic achievement. Not only is each day's lesson important to the individual student, the student's participation in class contributes to the education of others. Frequent absences and tardiness, for any reason, are certain to adversely affect the student's schoolwork. Each student is expected to be in school every day except when illness, injury or some providential condition beyond the student's control prevents attendance.

PROCEDURE:

Absences

- A. "Absent" shall mean that the student was not present physically at the place or places designated for at least forty-five (45) minutes of a fifty (50) minute class period.
- B. Ten (10) absence days per semester will be allowed to be used for personal illness, serious personal or family problems, and professional appointment which cannot be scheduled after school.
- C. Parents must call the High School between 7:00 a.m. and 11:00 a.m. whenever their son or daughter is absent and explain the reason of the absence. If a call is impossible, a note must be sent with the student upon his/her return to school.

All such calls and notes will be recorded and must be received within twenty-four (24) hours of the absence. If a call or note is not received within this time frame, the absence will not be verified, the student will not qualify for an extension, and a one (1) day suspension may occur. The attendance office telephone number is 321-1100.

- D. A student shall have the right to make up work missed (that can be made up) during any verified absence.

- E. Verified hospital confinement and immediate convalescence and/or infectious illness and disease will not count toward the student's accumulation of ten (10) days.
- F. A verified absence for attending a funeral will not be counted toward the student's accumulation of ten (10) days.
- G. An absence due to subpoenaed court appearance will not be counted toward the student's accumulation of ten (10) days.
- H. Suspensions are dealt with an Administrative Regulation A 5500.3, and will not count toward the student's accumulation of ten (10) days.
- I. In addition to the ten (10) allowable absences per semester, six (6) days per year may be used for verified, excused in advance family vacation. The following conditions must be met: Any absences that do not meet the following guidelines will be chargeable absences and no extension will be granted.
 - 1. Taken with immediate family-mother, father, or legal guardian.
 - 2. Personal prior arrangements are made by parent(s) with Attendance Officer.
 - 3. Arrangements with teachers for make-up work are made prior to leaving.
- J. When a student reaches the sixth absence, the parent will be notified by telephone. If telephone contact has not been made by the end of the day, a letter will be sent. Parents should see to it that the school has at least two (2) telephone numbers where they can be reached.
- K. Upon the eleventh absence from any class (except as described as exceptions above), a student will be required to make up absences in order to be eligible to receive credit in that class. Absences can be made up during Saturday School. One (1) day of Saturday School will excuse one (1) absence from a student's attendance record for the semester. Students

can also make up absences after school. Each hour will excuse one (1) period.

- L. Attendance is taken, recorded, and reported each hour.
- M. Approved school activities, field trips, athletic events, meetings with a counselor, teacher, or an administrator are all considered present.
- N. Notes from home are necessary to be granted permission to leave the school campus during school days for scheduled appointments. Classes missed for these absences are to be included in the ten (10) days.
- O. All students are to be with their classes according to the assigned schedule. When they are in the halls, restrooms, or anywhere other than their assigned areas, students must have a pass or student handbook pass indicating destination, time of departure, and the teacher's signature. It is the teacher's responsibility to issue a pass to the student.
- P. Chronic absences due to medical complications will be treated as follows:
 - 1. A letter from the doctor must be presented to the high school administration by the parents detailing the nature of the illness in order to qualify for an extension.
 - 2. The letter will remain in the student's CA60 file.
 - 3. Subsequent absences directly related to the illness will not call for a note from the doctor. However, a verification of the absences will be required from a parent.
 - 4. The absences will be chargeable, but will qualify for an extension.
- Q. Only under extenuating circumstances will an exception to this policy be considered. If such an exception to this policy be considered. If such an exception is requested, a review will be held with the principal of the building at which time

the parent(s) may present evidence as to why the exception should be made. Further review beyond this point will be held at the Central Administration Building with the Superintendent or his/her designee. In either case, a decision will be rendered on or before the next full school day.

- R. Specific class or programs, such as are listed below may have additional attendance requirements, for which students in these programs are responsible:
1. **Co-op:** Students enrolled in the Co-op Program must attend ALL classes that day in school in order to receive credit for the hours worked on the job.
 2. **Music:** Public performances are school requirements just as written tests. The difference is that performances cannot be made up. Except as provided hereafter, a missed performance will result in the student's nine-week grade being lowered a minimum of two (2) letter grades and the student's citizenship grade being recorded as "U" (unsatisfactory). In any event, the Director must be given advance warning of the performance to be missed in writing, signed by the parent or guardian. Absences to personal illness, family emergency, etc., when verified by a note from the parent or guardian, will not affect the student's grade. Absences other than the above must be pre-arranged with the Music Director.
 3. **Athletics:** Please see Admin. Regulation A5500.5. Players must attend the last two (2) class periods of the day of a contest unless prearranged permission to be absent has been granted.

A student legally in possession of prescribed medication will not be in violation of this section as long as his/her use and possession of the prescribed medication is authorized at school.

The school has a "Drug Free" zone that extends 1000 feet beyond the school boundaries as well as to any school activity and transportation. This means that any activity, possession, sale, distribution, or use of drugs, alcohol, fake drugs, steroids, inhalants, or look-alike drugs is prohibited. Attempted sale or furnishing is also prohibited. If caught, the student shall be suspended or expelled and law enforcement officials may be contacted. - b. The purpose of the test is to determine whether or not the student has consumed an alcoholic beverage. The amount of consumption is not relevant, except where the student may need medical attention.
- c. If the result indicates a violation of school rules as described in this handbook, the student will be disciplined in accordance with disciplinary procedures described in this handbook. If a student refused to take the test, s/he will be advised that such denial will be considered an admission of alcohol use with the consequent discipline invoked. The student will then be given a second opportunity to take the test.
