

TRANSPORTATION REPORT

To Mr. Larsen and our School Board,

Since I was not available for the last 3 months to give you a board report, Some of this is our end of the year report.

We had 249 tickets for the year of 2024-2025 and out of the 249 tickets we had 84 suspended.

We have 676 parents utilizing the bus right app.

We drove 12,109.20 reimbursable trip miles for 2024-25 field trips.

We drove 32,819.50 non-reimbursable trips for the year 2024-25 on activities.

We have added some routes to help with the overcrowding of kids on a bus.

We had good training this year right before school with the Minidoka County Sherriff Department

It was a rough start to this school year, but we are getting it worked out.

We would like to thank Mr. Larsen and the school board for their continued support of our department.

Thank you,

Coleen Jones
