

Boys-Girls Off-Season Coordinator

In Re-searching a lot of different schools around the area. I have found that a lot of the schools are going to an Offseason Coordinator Position. I would like to ask the board to consider this for Greg Pearson. I want to make the programs as equal as I can. So this position would help unify the Boys-Girls Programs. The girls would good through an extensive workout program during their Athletic Period and then all skill specific sports would be after school. The Stipend would be 2,900.00 as this would be as equal to a Head Coaching Position.

Thank You
