Members of the Board of Education
Bloomington School District 13
Bloomington, IL 60108

Dear Members of the Board:

We are pleased to present the Annual Comprehensive Financial Report of Bloomington School District No. 13, Bloomington IL, (the “District”), for the fiscal year ended June 30, 2024. The report contains financial statements, required supplemental information, supplemental statements and other financial and statistical information to provide complete and full disclosure of all material financial aspects of the District for the current fiscal year.

The Illinois State Board of Education requires that every school district issue a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended June 30, 2024.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based on a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Wipfli, LLP, Certified Public Accountants have completed an independent audit of the Districts financials and have issued an unmodified (“Clean”) opinion on the Bloomington School District 13 financial statements for the year ended June 30, 2024. The independent auditor’s report is within.

The report is prepared in conformance with accounting principles generally accepted in the United States of America, (GAAP), as set forth by the Governmental Accounting Standards Board (GASB) and other recognized authoritative services, and is representative of the District’s continuing commitment to provide meaningful financial information to the citizens of the District.

Management’s discussion and analysis (MD&A) immediately follows the independent auditor’s report and provides a narrative, introduction, overview and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

Profile of the District

The mission of Bloomington School District 13 is, developing actively involved learners, well-rounded students, and responsible citizens in partnership with the community. Bloomington School District 13 is committed to its core values:

- Ensuring every child will learn;
- Treating everyone with honor and respect;
- Working together to achieve.

The District is an elementary (PreK-8) school district in Bloomingdale, Illinois, which operates as a single district, with an enrollment of approximately 1,350 students. The governing body consists of a seven member Board of Education elected from within the District's boundaries. According to the Illinois School Code, the Board of Education:

- A. has the corporate power to sue and be sued in all courts,
- B. has the power to levy and collect taxes and to issue bonds,
- C. can contract for appointed administrators, teachers, and other personnel, as well as for goods and services.
- D. holds title to all District property, and
- E. appoints the Treasurer who serves as legal custodian of all the District's funds.

The Board of Education appoints a superintendent who, in turn, recommends to the Board of Education The appointment of the remaining administrative team. An organizational chart is provided at the front of this report.

The District is required to adopt an annual budget for all its funds by September 30 of each year. The annual budget serves as a foundation for financial planning and control. The budget is prepared by fund, function (e.g., instruction, support services), location, program, and object (e.g., salaries, employee benefits). Additional information of the District's budgetary accounting can also be found in the notes to required supplementary information and later in this letter. The Board of Education approves the hiring of employees, awarding of bids, and payments to vendors at its regular meetings throughout the year.

The primary purpose of the Board of Education is to provide each student living within the District's boundaries the educational opportunities necessary to be a productive citizen in our democratic society. There are four basic purposes to public education, which are as follows:

1. Education is the concern of all the people, hence it becomes the function of the state and local community.
2. Public schools are designed to allow each individual to develop to his/her maximum potential in order to be a contributing member of a democratic society.
3. Equal educational and extracurricular opportunities shall be available for all students without regard to race, color, national origin, gender, religious beliefs, physical and mental handicap or disability, pregnancy, or actual or potential marital or parental status. Further, the District will not knowingly enter into agreements with any entity or any individual that discriminates against students on the basis of gender or any other protected status, except that the District remains viewpoint neutral when granting access to school facilities.
4. Public education should transmit the highest ideals of our culture to each succeeding generation and to instill in each individual the desire to pursue learning as a lifelong activity. The entire District staff is involved in correlating the local objectives. The District uses local assessments at all grade levels. The local learning objectives and assessments correlated with the state program, thus measuring student progress from PreK-8 grades. Bloomingdale School District No. 13 students continue to achieve above state and national averages.

Our PreK–8 curriculum offers each student a strong foundation in reading, language arts, mathematics, science and social studies. We also provide music K-6, art and physical education in all grades. Family and Consumer Science, STEM, and Spanish are offered at the middle school level as well as an opportunity to participate in Band.

A reading support program expands the abilities of students by reinforcing their strengths while remediating weaknesses. Staffed by district reading specialists, this federally-funded program is offered to students identified through test scores and classroom reading performance. These students work in small groups during 30-minute sessions several times each week.

Parents or guardians of any student may inspect instructional materials used in our schools. Those materials include textbooks, teachers' manuals, and other print and electronic resources. Please call the principal's office for an appointment if you wish to view any of these materials.

In closing, the Board of Education of Bloomingdale School District 13 offers one of the most comprehensive educational programs in the western suburban area. Consistently, the Board of Education has allocated timely and accurate resources for the programming needs of the educational community.

Accounting Systems and Budgetary Controls

In developing and evaluating the District's accounting system, consideration is given to the adequacy of internal accounting controls. Such controls are designed to provide reasonable, but not absolute, assurance for the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. We believe that our internal accounting controls adequately safeguard District assets and provide reasonable assurance of the proper recording of financial data.

Budgetary control is maintained at line item levels and built up into location, department, and program totals before being combined to create fund totals. All actual activity compared to budget is reported to the District's Administrative team and to the Board of Education monthly. The reports compare year to date activity versus budget and prior year actual. Full disclosures are made if extraordinary variances appear during the year.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management.

Local Economy

The District covers an estimated five square mile area. The District serves most of the Village of Bloomingdale, portions of the Villages of Roselle, Addison, Medinah and a portion of unincorporated Bloomingdale Township. The District operates two elementary schools and one middle school facility, serving the needs of 1,350 students in grades PreK-8. Classroom studies are enhanced by Instructional Media Centers and state-of-the-art technology. The combined assessed valuation of industrial and commercial property averaged approximately 10% percent of the total property valuation within the School District which adds the property tax burden on residential homeowners.

The equalized assessed valuation (EAV) for tax year 2023 increased 1.54% to \$671,475,491 over the 2022 EAV of \$661,271,771. The increase in the EAV resulted in a slightly lower tax rate, due to limitations of the tax cap formula. In February 1995, the Illinois General Assembly passed tax cap legislation (P.L. 89-1) for DuPage County making it retroactive to the 1994 tax year. This legislation, known as the Property Tax Extension Limitation Law Act, limits the District's ability to generate property tax revenues. In addition to P.L. 89-1, the Illinois General Assembly amended Article 20, which limits the amount of debt service taxes a district can generate through the sale of non-referendum bonds to the district's 1994 aggregate non-referendum debt service amount.

In order for a District to increase its property tax rates, a referendum question would need to be put to the voters.

For information regarding the District's financial position and respective changes in financial position, please read the Management's Discussion and Analysis on pages 4-12.

Long-Term Financial Planning

The District needs to be fiscally prudent. Key areas of concern are property tax freeze, low inflation, unfunded mandates, growing special education student needs, increasing health care costs, and pension cost shift. The District will continue to explore reducing expenditures where possible. The District's enrollment has been increasing an average of 20 students per year over the past 5 years. This trend is expected to continue. As a result of this trend, the District is exploring options of putting on additions to the elementary school and upgrading the middle school, in order to accommodate this growth. Even though there is a large disparity in the age of the District's buildings, all of them have been very well maintained and require little capital improvements. The average age of all three buildings is 44 years old.

District finances are monitored through such means as monthly finance reports to the Board of Education, the annual budget process, and long-term financial projections. The President of the Board of Education sets an agenda for the meetings. Agenda items include discussions on all major District revenues, expenses, investment practices and policies, and practices related to the management of District finances. The Board of Education through discussions shapes strategic directions for finance and monitors all policies related to the financial administration of District 13. The Board of Education provides guidance to management on the financing of strategic initiatives and District Goals.

Relevant Financial Policies

Budget planning begins no later than March by adopting a proposed budget calendar. The proposed budget shall be available for public inspection and comment at least 30 days before the budget hearing. The adopted budget shall be posted on the District's website and filed with the DuPage County Clerk's office within 30 days of adoption. The Board of Education may amend the budget by following the same procedure as provided for in the original adoption.

The Board of Education shall act on all expenditures, interfund loans and transfers, transfers within funds in excess of 10 percent of the total fund, and all contingency fund expenditures.

The Chief School Business Official acts as the Chief Investment Officer and Treasurer. The Treasurer invests money in accordance with Board policy and state law. See the Notes to the Basic Financial Statements for additional information on cash and investments.

The certificate of property tax levy is to be filed with the DuPage County Clerk's office by the last Tuesday in December. The District annually publishes a statement of affairs regarding its financial position by November 30th.

Major Initiatives

The Bloomingdale School District No. 13 major initiatives are accomplished through its Strategic Plan. The Strategic Plan is intended to provide a framework for decision-making that builds upon a common mission, vision, and guiding principles held by the District community. The process has utilized a broad spectrum of data to result in a strategic plan that reflects a shared consensus of stakeholders.

Strategic Goals and Objectives

The goals in this section have been categorized into four strategic areas that emerged through the research phase of the strategic planning process.

1. WHOLE CHILD GROWTH and ACHIEVEMENT - By holding high standards and teaching each student based on their own individual strengths and weaknesses, all students can flourish.
2. TEACHING and LEARNING - With a strong curriculum and exceptional teachers, the District can best support student achievement and growth.
3. COMMUNICATION and COLLABORATION – A collaborative and inclusive school culture with sound communication practices enhances district performance for all stakeholders.
4. RESOURCES – Advance and manage effective use of financial and human resources to support safe, learner centered environments.

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) and the Association of School Business Officials International (ASBO) both provide awards known as the Certificate of Achievement for Excellence in Financial Reporting. The District has been awarded these prestigious awards for the past seven years. In order to be awarded a Certificate of Achievement, the District has to publish an easily readable and efficiently organized Annual Comprehensive Financial Report that satisfies both generally accepted accounting principles and applicable legal requirements.

The Certificates are valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report meets both program requirements, and we are submitting it to ASBO and GFOA again this year to determine its eligibility for certification.

The preparation of this report would not have been possible without the efficient and dedicated services of the Business Office Staff. We wish to express our appreciation to Cindy Marshall who assisted and contributed to the preparation of this report. Also, credit must be given to the members of the Board of Education for their desire and commitment to maintain the highest standards of professionalism in the management of Bloomingdale School District 13 finances.

Dr. Jon Bartelt
Superintendent

Ms. Valerie Varhalla
Chief School Business Official

Independent Auditor's Report

To the Board of Education
Bloomingdale School District 13
Bloomingdale, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Bloomingdale Elementary School District 13 (the "District"), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the District, as of June 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for Audit of the Financial Statements section of our audit. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and access the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management discussion and analysis and other required information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 14, 2024 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Bloomingdale School District No. 13's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Aurora, Illinois
November 14, 2024

BLOOMINGDALE SCHOOL DISTRICT NO. 13

Management's Discussion and Analysis For the Year Ended June 30, 2024

The discussion and analysis of Bloomingdale Elementary School District No. 13's (the District) financial performance provides an overall review of the District's financial activities for the year ended June 30, 2024. The District's financial statements incorporate required information for the District to be in compliance with the provisions of Governmental Accounting Standards Board Statement No. 34. The management of the District encourages readers to consider the information presented herein in conjunction with the basic financial statements to enhance their understanding of the District's financial performance. This report, Management's Discussion and Analysis (MD & A), provides an overview of the District's financial activities for the fiscal year ended June 30, 2024 with comparative data to the fiscal year ended June 30, 2023.

Financial Highlights

- The District's total net position as of June 30, 2024 was \$15,977,767 down 11.98% from FY23 mainly due to changes in THIS liability and deferrals.
- The combined fund balances of governmental funds as of June 30, 2024 was \$21,183,295, reflecting an increase of \$3,383,436, or 19%.
- The portion of the total fund balance representing the General Fund (Educational Account, Operations & Maintenance Account, and Working Cash Account), equals \$18,777,283 or 88.64%.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The basic financial statements are comprised of three components:

The basic financial statements are comprised of three components:

- Government-wide financial statements,
- Fund financial statements, and
- Notes to the financial statements

This report also contains required supplementary information and other supplementary information in addition to the basic financial statements.

Reporting the District as a Whole

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

BLOOMINGDALE SCHOOL DISTRICT NO. 13

Management's Discussion and Analysis For the Year Ended June 30, 2024

The Statement of Net Position presents information on all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. Net position is the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents expenses of major programs (functions) and matches direct program revenues with each. To the extent that direct charges and grants do not recover a program's cost, it is paid from general taxes and other resources. The statement simplifies the user's analysis to determine the extent to which programs are self-supporting and/or subsidized by general revenues.

The government-wide financial statements present the functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). The District has no business-type activities; that is, functions that are intended to recover all or a significant portion of their costs through user fees and charges. The District's governmental activities include instructional services (regular education, special education, and other), supporting services, and interest on long-term liabilities.

Reporting the District's Most Significant Funds

Fund financial statement

The fund financial statements provide the next level of detail by focusing on the individual parts of the District and by reporting the operation in more detail than the government-wide statements. Fund financial statements focus on the most significant funds with all other non-major funds presented in total in one column.

The analysis of the District's major funds begins on page 16. These statements reinforce information in the government-wide financial statements or provide additional information. Each of the District's major funds is presented in a separate column in the fund financial statements and the remaining funds (considered non-major funds) are combined into a column titled "Nonmajor Governmental Funds." For the General Fund, a Budgetary Comparison Statement is also presented.

The District's major governmental fund is the General Fund (Educational Account, Operations and Maintenance Account and Working Cash Account). The District's non-major governmental funds consist of the Transportation, Illinois Municipal Retirement/Social Security, Tort Immunity, Debt Service, and Capital Projects Funds. Users who want to obtain information on non-major funds can find it in the "Combining and Individual Fund Schedules" section of this Report. The District's individual funds are established based upon legal requirements and the Illinois Administrative Code.

Substantially all of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or less financial resources available to spend in the near future to finance the District's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the basic financial statements.

BLOOMINGDALE SCHOOL DISTRICT NO. 13

Management's Discussion and Analysis For the Year Ended June 30, 2024

District-Wide Financial Analysis

The net position in the District decreased by \$2,175,348 resulting in a total net position of \$15,977,767.

Table 1		
Condensed Statement of Net Position		
(in millions of dollars)		
	2024	2023
Cash and investments	\$ 33,081,116	\$ 29,194,582
Receivables	10,031,337	9,438,826
Capital assets	8,214,587	10,787,477

In Table 3 the total cost of the District’s functions are presented as well as the net cost of those functions. By presenting the information in this manner, the reader of these financial statements considers the actual cost of each program, after grants and other charges, versus the benefit of the program.

Financial Analysis of the District’s Funds

Total revenues for all governmental funds for 2023-2024 were \$28,386,956. Total expenditures for all governmental funds for 2023-2024 were \$25,003,520. Revenues exceeded expenditures and other financing sources and uses by \$3,383,436. The fund balance on July 1, 2023 was \$17,799,859. The fund balance for all governmental funds on June 30, 2024 was \$21,183,295.

The General fund saw revenue increase by \$1,519,833. Tax revenues for the 2023 tax year increased primarily due to increased property taxes revenue, which grew as a result of a significantly larger Consumer Price Index-CPI. Bloomington School District No. 13 is a tax capped district under the Property Tax Extension Law Limitation which restricts the maximum amount of tax increases to 5%. This was the second tax year in several years where the tax cap was implemented, increasing the amount of tax revenue the District received. The District also took advantage of higher interest rates which significantly increased the Districts interest revenue.

BLOOMINGDALE SCHOOL DISTRICT NO. 13

Management's Discussion and Analysis For the Year Ended June 30, 2024

The General fund saw similar expenditures with an increase due to increased capital outlay and support services expenditures.

The General Fund's Educational Account showed revenues exceeded expenditures and other financing sources by \$2,565,315 resulting in an ending fund balance of \$11,526,182. The General Fund's Operations and Maintenance Account showed revenues exceeded expenditures by \$709,768 resulting in an ending fund balance of \$4,008,570. The General Fund's Working Cash Account showed revenues exceeded expenditures by \$199,824 and an ending fund balance of \$3,242,531.

General Fund Budget Information

The District budget is prepared in accordance with Illinois law and is based on the modified accrual basis of accounting, utilizing revenues, expenditures and encumbrances. Actual revenues of the General Fund exceeded budgeted revenues by \$1,405,526. The largest revenue budget and actual variance was related to property tax revenue. Actual expenditures of the General Fund were less than budgeted expenditures by \$2,891,387.

Capital Assets and Debt Administration

Capital assets

The total of capital assets, net of depreciation, was \$10,787,477 in Fiscal Year 2023 and decreased to \$8,214,587 in Fiscal Year 2024 primarily due to disposals and depreciation expense. Capital assets are depreciated using the straight line method with estimated useful lives of ten to forty years for buildings and improvements, twenty years for land improvements and five to ten years for equipment. Further detail is included in the notes to the financial statements beginning on page 28.

	<u>2024</u>	<u>2023</u>
Land	72,275	72,275
Buildings and improvements	7,508,362	10,391,694
Equipment	633,950	323,508
Total (net)	<u>\$8,214,587</u>	<u>\$10,787,477</u>

BLOOMINGDALE SCHOOL DISTRICT NO. 13

Management's Discussion and Analysis For the Year Ended June 30, 2024

Long-term debt

General Obligation Bonds outstanding at year end were \$1,715,000. The District's tax bonds carry an AA+ bond rating. The District's ratings reflect a steady, moderate tax base growth, sound financial operations with ample reserves, moderate debt burden, and adequate security protections.

Further detail is included in the notes to the financial statements beginning on page 29.

	<u>2024</u>	<u>2023</u>
General obligation bonds	<u>\$1,715,000</u>	<u>\$2,045,000</u>
Total (net)	<u><u>\$1,715,000</u></u>	<u><u>\$2,045,000</u></u>

Next Year's Budget

The 2024-2025 budget for the General Fund (Educational Account, Operations & Maintenance Account, and Working Cash Account), shows expenditures in excess of revenues of \$300,000.

Factors Bearing on the District's Future

The District is presently aware of several circumstances that may significantly affect its financial health in the future:

- The District falls under the Property Tax Extension Law Limit (PTELL) limiting the tax extension not to exceed 5% of the previous year. Although the Consumer Price Index (CPI), which as of December 2023 fell to 3.4% the lowest in the last several years, prices of goods and services have yet to trend downward.
- The assessed value of the District is projected to continue to increase. New construction is projected to add very little to the assessed value in the near future. The assessor's office continues to see more activity in the area. Many homes are selling and selling quickly.
- The Federal funding due to the coronavirus (ESSER) has since stopped. This significantly decreases the amount of federal funding the District receives.
- The collective bargaining agreement for the Council of Teachers will be in effect through 2025. Increases of an average of 4% for FY 2023 and FY 2024, and 4.5% for FY 2025 were agreed upon.

BLOOMINGDALE SCHOOL DISTRICT NO. 13

Management's Discussion and Analysis For the Year Ended June 30, 2024

- The District recently entered into a collective bargaining agreement with Paraprofessionals, which will be in effect through 2026.
- The District continues to be affected by the job market. Some positions have been unable to be filled causing the District to contract out services previously housed in the District.
- Legislation is requiring full day Kindergarten to be implemented for in 2027, which will cause the District to increase space and resources. Planning has already begun and two referendum questions were on the ballot on the November 5, 2024 election.
- The potential of a TRS cost shift, a property tax freeze as well as the State of Illinois financial position could negatively impact the District.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This management and discussion analysis is designed to provide a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact:

Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position

June 30, 2024

Total fund balances - governmental funds	\$ 21,183,295
---	---------------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. The cost of the assets is \$24,662,167 and the accumulated depreciation is \$16,447,580.

	8,214,587
--	-----------

Long-term liabilities, including bonds payable and capital leases, are not due and payable in the current period and therefore are not reported in the funds.

Bonds payable	(1,715,000)	
Premium on bonds	(81,948)	
Total other postemployment liability - Retiree Health	(486,785)	
Net other postemployment liability - THIS	(1,986,401)	
Net pension liability - TRS	(722,441)	
Net pension liability - IMRF	<u>(2,426,669)</u>	
Total		(7,419,244)

Deferred inflows and outflows of resources related to pensions and other postemployment benefits are not reported in the governmental funds.

Deferred outflows - pensions	934,736	
Deferred outflows - other postemployment benefits	6,565,335	
Deferred inflows - pensions	(159,572)	
Deferred inflows - other post employment benefits	<u>(13,341,370)</u>	
Total		<u>(6,000,871)</u>

Net position - governmental activities	<u>\$ 15,977,767</u>
---	-----------------------------

See accompanying notes to the basic financial statements.

Bloomington School District No. 13

Reconciliation of the Statement of Revenues, Expenditures and Changes In Fund Balances of Governmental Funds to the Statement of Activities Year Ended June 30, 2024

Net change in fund balances - governmental funds	\$ 3,383,436
---	--------------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation expense in the current period.

Capital outlay	2,358,183	
Depreciation expense	<u>(1,067,911)</u>	
		1,290,272

The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and disposals) is a decrease to net position. (3,863,162)

The governmental funds record bond and loan proceeds as other financing sources, while repayment of bond and loan principal is reported as an expenditure. In the statement of activities, debt issuance and repayment of bond principal are not reported as they are an increase, or a reduction of long-term liabilities. The net effect of these differences in the treatment of general obligation bonds and related items is as follows:

Repayment of bond principal	330,000	
Amortization of bond premium	20,871	
Change in net pension liability - TRS	(61,907)	
Change in net pension liability - IMRF	567,410	
Change in total other postemployment benefits obligation - Retiree Health Insurance	29,019	
Change in net other postemployment benefits obligation - THIS	<u>466,880</u>	
		1,352,273

Changes in deferred inflows and outflows related to pensions and other postemployment benefits are only reported in the statement of activities.

Changes in deferred outflow and inflows of resources - TRS	181,631	
Changes in deferred outflow and inflows of resources - IMRF	1,721,444	
Changes in deferred outflow and inflows of resources - THIS	(6,229,639)	
Changes in deferred outflow and inflows of resources - Retiree Health Insurance	<u>(11,603)</u>	
		<u>(4,338,167)</u>

Change in net position of governmental activities	\$ <u>(2,175,348)</u>
--	------------------------------

See accompanying notes to the basic financial statements.

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 1. Summary of Significant Accounting Policies

Bloomington School District No. 13 (the "District") is governed by an elected Board of Education. The accounting policies conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. A summary of the significant accounting policies, consistently applied in the preparation of the accompanying financial statements is described below.

Accounting principles generally accepted in the United States of America require that the financial reporting entity include (1) the primary government, (2) organizations for which the primary district is financially accountable and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The criteria provided by governmental accounting standards have been considered and there are no agencies or entities which should be presented with the District.

a. The Reporting Entity

The District includes all funds of its governmental operations that are controlled by or dependent upon the District as determined on a basis of financial accountability. Financial accountability includes the appointment of the organization's governing body, imposition of will, and fiscal dependency. The accompanying financial statements include only those funds of the District as there are no other organizations for which it has financial accountability.

Joint Agreement - The District is also a member of the following organization:

North DuPage Special Education Cooperative (See Note 11)

b. Basis of Presentation

The District's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

1. Government-wide Financial Statements (GWFS)

The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the District, except for fiduciary funds. The effects of interfund activity have been eliminated. Any interfund services provided and used are not eliminated in the process of consolidation.

The statement of net position presents the financial condition of the governmental activities of the District at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function.

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

b. Basis of Presentation (Continued)

Program revenues include charges paid by the recipient of the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Property taxes and other revenues which are not classified as program revenues are presented as general revenues of the District. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

2. Fund Financial Statements (FFS)

The accounts of the District are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds maintained is consistent with legal and managerial requirements. Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the GWFS. Major individual governmental funds are reported as separate columns in the FFS. The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the District, except those required to be accounted for in another fund. The General Fund consists of the Educational Account, Operations and Maintenance Account, and the Working Cash Account that are legally mandated by the State of Illinois.

c. Measurement Focus and Basis of Accounting

Government-wide financial statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue when measurable and available.

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

c. Measurement Focus and Basis of Accounting (Continued)

Fund financial statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Revenues susceptible to accrual generally include property taxes, interest on investments, and intergovernmental revenues. Property taxes are recorded as revenues in the fiscal year for which they are levied. Interest on invested funds is recognized when earned. The availability period for all other revenues is deemed to be within sixty days of the end of the year. If funding is received before the eligibility requirements have been met, that revenue is recorded as unearned.

d. Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

e. Capital Assets

Capital assets, which include land, buildings and improvements, and furniture and equipment, are reported in the government-wide financial statements. The District defines capital assets as assets with an initial, individual cost of more than \$2,500 for furniture, equipment, buildings, and improvements and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are recorded at acquisition value.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of an asset are not capitalized.

Buildings and improvements and furniture and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

	Years
Buildings and building improvements	10-40 years
Land improvements	20 years
Furniture, equipment and vehicles	5-10 years

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

f. Long-Term Obligations

In the GWFS, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method, which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed when the bonds are issued.

In the FFS, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

g. Net Position

In the GWFS, net position is reported as restricted when constraints placed on net position is either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Net investment in capital assets consists of capital assets, net of accumulated depreciation, and reduced by outstanding balances of bonds, leases, and premiums that are attributable to the acquisition, construction, or improvement of those assets.

When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the District's policy is to apply restricted net position first.

h. Property Taxes

Property taxes are levied each year on all taxable real property located in the District on or before the last Tuesday in December. The adoption date for the 2023 tax levy was December 18, 2023. Taxes attach as an enforceable lien on property on January 1 and are payable in two installments (on or about June 1 and September 1) subsequent to the year of the levy. The District receives significant distributions of tax receipts approximately one month after these due dates. Property taxes for the 2023 levy, which are collected during 2024, are considered to be budgeted to fund operations of the 2024-2025 school year and are reported as deferred inflows of resources.

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

i. Personal Property Replacement Taxes

Personal property replacement tax revenues are first allocated to the extent required by Illinois law in the Municipal Retirement/Social Security Fund with the balance allocated to funds at the discretion of the District.

j. Vacation and Sick Leave

Employee vacation and sick leave is recorded when it is paid. Accumulated unpaid employee vacation and sick leave which was earned prior to the current fiscal year but unused at the end of the current fiscal year is not significant. Vacation and sick leave will be paid with future tax collections and therefore has not been reported as a current liability of the governmental funds.

k. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

l. Deferred Outflows/Inflows of Resources

A deferred outflow of resources represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that future time.

A deferred inflow of resources represents an acquisition of net position that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

m. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net positions of the Teachers' Retirement System of the State of Illinois (TRS) and the Illinois Municipal Retirement Fund (IMRF), together "the Plans," and additions to/deductions from the Plans' fiduciary net positions have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

n. Net Position

For government-wide reporting, the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources is called net position. Net position is comprised of three components; net investment in capital assets, restricted, and unrestricted.

Net investment in capital assets consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowing that are attributable to the acquisition, construction, or improvements of those assets and adjusted for any deferred inflows of resources and deferred outflows of resources attributable to capital assets and related debts.

At June 30, 2024, the District had the following net investments in capital assets:

Capital assets, net of accumulated depreciation	\$ 8,214,587
Outstanding balances of debt attributable to capital assets	(1,715,000)
Premiums on outstanding debt attributable to capital assets	<u>(81,948)</u>
Net investment in capital assets	<u>\$ 6,417,639</u>

Restricted net position consists of restricted assets and deferred outflows of resources reduced by the liabilities and deferred inflows of resources related to those assets and deferred outflows of resources, with restriction constraints placed on their use either by external groups, such as creditors, grantors contributors, or laws and regulations of other governments, or law through constitutional provisions or enabling legislation.

Unrestricted net position is the net amount of the assets, deferred outflows of resources, and deferred inflows of resources that does not meet the definition of the two preceding categories.

It is the District's policy to first use restricted net resources prior to the use prior to the use of unrestricted net resources when an expense is incurred for purposes for which both restricted and unrestricted net resources are available.

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 2. Cash and Investments

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's bank balances of \$2,966,614 with a carrying amount of \$1,845,783 were fully collateralized as of June 30, 2024.

Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level One - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the District has the ability to access.

Level Two - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level two input must be observable for substantially the full term of the asset or liability.

Level Three - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Net Asset Value (NAV) - Certain investments measured at NAV would be excluded from the fair value hierarchy.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 2. Cash and Investments (Continued)

As of June 30, 2024 the District had the following investments measured at net asset value:

	Fair Value	Less than 1	1 - 5	Percent of Portfolio	Applicable Agency Rating
Illinois School District Liquid Asset Fund (ISDLAF)	\$ 1,030,745	\$ 1,030,745	\$ -	3.3 %	AAAm
Illinois School District Max Fund	6,340,460	6,340,460	-	20.3	AAAm
Certificates of deposit	14,999,555	14,999,555	-	48.0	N/A
U.S Treasury Securities	5,393,535	5,393,535	-	17.3	Aaa
U.S. Agency Securities					
Federal Home Loan Banks (FHLB)	2,978,788	2,978,788	-	9.5	Aaa
Federal Farm Credit Banks (FFCB)	<u>492,250</u>	<u>492,250</u>	<u>-</u>	<u>1.59</u>	Aaa
Total	\$ <u>31,235,333</u>	\$ <u>31,235,333</u>	\$ <u>-</u>	<u>99.99 %</u>	

The District has the following recurring fair value measurements as of June 30, 2024:

The Illinois School District Liquid Asset Fund Plus (ISDLAF+) is an investment pool created and regulated by the Illinois General Assembly. The fair value of the District's investment in ISDLAF+ has been determined using the net asset value (NAV) per share (or its equivalent) of the investments. The NAV of the Liquid Class and Max Class are determined as of the close of business on each Illinois banking day. The Multi-Class Series invests in high quality short-term debt instruments (money market instruments), and shares may be redeemed on any Illinois banking day. The Term Series invest in high-quality debt instruments, which are generally money market instruments but may not include instruments with a maturity over one year, and shares may be redeemed with seven days' advance notice. There were no known restrictions on redemption of the District's investments as of June 30, 2024.

Certificates of deposit, debt issues, U.S. government agency obligations, and U.S. Treasury notes - valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yield currently available on comparable securities of issuers with similar credit ratings.

Interest Rate Risk: In the District's formal investment policy, there are no specific limitations on investment maturities in order to manage exposure to fair market losses from increasing interest rates.

Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District's investment policy allows for investment vehicles authorized by Illinois Statutes. Illinois Statutes authorize the District to make deposits in commercial banks and savings and loan institutions, and to invest in obligations of the U.S. Treasury and U.S. agencies, obligations of the states and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services.

Concentration of Credit Risk: The District places no limit on the amount the District may invest in any one issuer. More than 5% of the District's investments are in ISDLAF Max Class for 34.4%, Certificates of Deposit for 31.5%, US Treasury Securities for 23.9%, and US Agency Securities for 10.2%.

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 3. Special Tax Levies

Revenues from the Special Education special tax levy and related expenditures have been included in the operations of the Educational Account of the General Fund. At June 30, 2024, the cumulative Special Education expenditures were equal to or exceeded related cumulative revenues in the Educational Account. Accordingly, no restriction is made in the Educational Account of the General Fund related to this special levy.

Note 4. Capital Assets

A summary of changes in capital assets follows:

Governmental Activities	Balance 7/1/2023	Additions	Deletions	Balance 06/30/24
Capital assets, not being depreciated:				
Land	\$ 72,275	\$ -	\$ -	\$ 72,275
Total capital assets, not being depreciated	<u>72,275</u>	<u>-</u>	<u>-</u>	<u>72,275</u>
Capital assets, being depreciated:				
Building and Improvements	28,260,368	1,523,944	(8,052,197)	21,732,115
Equipment	<u>2,023,538</u>	<u>834,239</u>	<u>-</u>	<u>2,857,777</u>
Total capital assets, being depreciated	<u>30,283,906</u>	<u>2,358,183</u>	<u>(8,052,197)</u>	<u>24,589,892</u>
Accumulated depreciation for:				
Building and Improvements	17,868,674	544,114	(4,189,035)	14,223,753
Equipment	<u>1,700,030</u>	<u>523,797</u>	<u>-</u>	<u>2,223,827</u>
Total accumulated depreciation	<u>19,568,704</u>	<u>1,067,911</u>	<u>(4,189,035)</u>	<u>16,447,580</u>
Total capital assets, being depreciated, net	<u>10,715,202</u>	<u>1,290,272</u>	<u>(3,863,162)</u>	<u>8,142,312</u>
Governmental activities capital assets, net	<u>\$ 10,787,477</u>	<u>\$ 1,290,272</u>	<u>\$ (3,863,162)</u>	<u>\$ 8,214,587</u>

Depreciation expense was charged to functions of the District as follows:

<i>Instructional Services</i>	
Regular programs	\$ 787,157
Special programs	10,999
<i>Supporting Services</i>	
District Administration	109,034
Instruction	1,281
Central	1,388
Operations and maintenance of facilities	<u>158,052</u>
Total depreciation expense	<u>\$ 1,067,911</u>

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 5. Long-Term Debt

The following is a summary of changes in long-term liabilities of the District for the year ended June 30, 2024:

	Balance 7/1/2023	Additions	Reductions	Balance 06/30/24	Amounts Due in One Year
General Obligation Refunding Bonds	\$ 2,045,000	\$ -	\$ (330,000)	\$ 1,715,000	\$ 115,000
Deferred Amounts for Issuance Premium	102,819	-	(20,871)	81,948	-
Net Pension Liability (Asset) - Illinois Municipal Retirement	2,994,079	-	(567,410)	2,426,669	-
Net Pension Liability -TRS	660,534	61,907	-	722,441	-
Net OPEB Liability -THIS Fund	2,453,281	-	(466,880)	1,986,401	-
Total OPEB Liability -Retiree Health Plan	<u>515,804</u>	<u>-</u>	<u>(29,019)</u>	<u>486,785</u>	<u>37,265</u>
Total	<u>\$ 8,771,517</u>	<u>\$ 61,907</u>	<u>\$ (1,414,180)</u>	<u>\$ 7,419,244</u>	<u>\$ 152,265</u>

Long-term liabilities payable at June 30, 2024 are comprised of the following:

Bonds Payable

General Obligation Limited Tax School Bonds, Series 2019B dated October 15, 2019, issued in the amount of \$2,125,000 payable in annual installments varying from \$50,000 to \$190,000 through November 1, 2035; interest payments at a rate of 3.0% are due on May 1 and November 1.

The annual requirements to amortize all debt outstanding as of June 30, 2024, including interest payments of \$315,975 are as follows:

<i>Year Ended June 30, 2024</i>	Principal	Interest	Total
2025	\$ 115,000	\$ 49,725	\$ 164,725
2026	125,000	46,125	171,125
2027	130,000	42,300	172,300
2028	135,000	38,325	173,325
2029	145,000	34,125	179,125
2030 - 2036	<u>1,065,000</u>	<u>105,375</u>	<u>1,170,375</u>
Total	<u>\$ 1,715,000</u>	<u>\$ 315,975</u>	<u>\$ 2,030,975</u>

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 5. Long-Term Debt (Continued)

The Illinois Complied Statutes limits the amount of bond indebtedness to 6.9% of the most recent available equalized assessed valuation of the District. As of June 30, 2024, the statutory debt limit for the District was \$46,331,809, providing a debt margin of \$44,702,956.

Payments to retire bonds payable will be made from debt service levies in future periods. There is \$86,147 of fund equity available in the Debt Service Fund to service outstanding bonds payable.

The net pension liabilities, and net other postemployment benefit obligations typically liquidated using funds from the General Fund and the Municipal Retirement/Social Security Fund.

Note 6. Employee Retirement Systems

The retirement plans of the District include the Teachers' Retirement System of the State of Illinois (TRS) and the Illinois Municipal Retirement Fund (IMRF). Most funding for TRS is provided through payroll withholdings of certified employees and contributions made by the State of Illinois on-behalf of the District. IMRF is funded through property taxes and a perpetual lien of the District's corporate personal property replacement tax. Each retirement system is discussed below.

Teachers' Retirement System of the State of Illinois (TRS)

Plan Description

The District participates in the TRS. TRS is a cost-sharing, multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the City of Chicago.

TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <https://www.trsil.org/financial/acfrs/fy2023>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

Benefits Provided

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest consecutive years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 6. Employee Retirement Systems (Continued)

Tier II members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

Essentially all Tier I retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier III hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2026. One program allows retiring Tier 1 members to receive a partial lump-sum in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs will begin in 2019 and will be funded by bonds issued by the state of Illinois.

Contributions

The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2022, was 9.0% of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On-behalf contributions to TRS. The State of Illinois makes employer pension contributions on-behalf of the District. For the year ended June 30, 2024, State of Illinois contributions recognized by the District were based on the State's proportionate share of the pension expense associated with the District, and the District recognized revenues and expenses of \$5,253,335 in the governmental activities based on the economic resources measurement focus and revenues and expenditures of \$4,350,990 in the General Fund based on the current financial resources measurement focus.

2.2 formula contributions. The District contributes 0.58% of total creditable earnings for the 2.2 formula change. This rate is specified by statute. Contributions for the year ended June 30, 2024 were \$52,739, and are deferred because they were paid after the June 30, 2023 measurement date.

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 6. Employee Retirement Systems (Continued)

Federal and special trust fund contributions. When TRS members are paid from federal and special trust funds administered by the District, there is a statutory requirement for the District to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2024, the employer pension contribution was 10.60% of salaries paid from federal and special trust funds. For the year ended June 30, 2024, \$102,522 of salaries were paid from the federal and special trust funds and there \$10,867 was the required employer contributions. These contributions are deferred because they were paid after the June 30, 2023 measurement date.

Employer retirement cost contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The District is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2024, the District did not make any payments for salary increases over 6 percent, salary increases over 3 percent, or excess sick leave contributions.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023 the District reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for State pension support provided to the District. The State's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	\$ 722,441
State's proportionate share of the net pension liability associated with the District	<u>62,347,061</u>
Total	\$ <u>63,069,502</u>

The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2023. The employer's proportion of the net pension liability was based on the employer's share of contributions to TRS for the measurement year ended June 30, 2023, relative to the contributions of all participating TRS employers and the state during that period. At June 30, 2023, the employer's proportion was 0.000850%, which was an increase of 0.000062% from its proportion measured as of June 30, 2022.

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 6. Employee Retirement Systems (Continued)

For the year ended June 30, 2024, the District recognized pension expense of \$5,253,335 and revenue of \$5,253,335 for support provided by the state. At June 30, 2024, the District had deferred outflows of resources and deferred inflows of resources related to pensions from the following sources, which are not reported due to the regulatory basis of accounting:

	Deferred Outflows of Resources	Deferred Inflow of Resources
Difference between expected and actual experience	\$ 3,003	\$ 2,912
Changes in assumptions	2,464	636
Net difference between projected and actual earnings in pension plan investments	-	21
Changes in proportion and differences between District contributions and proportionate share of contributions	<u>47,278</u>	<u>156,003</u>
Total deferred amounts to be recognized in pension expense in future periods	52,745	159,572
District's contributions subsequent to the measurement date	<u>63,606</u>	<u>-</u>
Total	<u>\$ 116,351</u>	<u>\$ 159,572</u>

\$63,606 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	Net Deferred Outflows (Inflows) of Resources
2025	\$ (48,126)
2026	(37,677)
2027	(19,705)
2028	(7,282)
2029	<u>5,963</u>
Total	<u>\$ (106,827)</u>

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 6. Employee Retirement Systems (Continued)

Actuarial Assumptions

The total pension liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary increases	varies by amount of service credit
Investment rate of return	7.00% net of pension plan investment expense, including inflation

In the June 30, 2022 actuarial valuation, mortality rates were based on the PubT-2010 Table with appropriate adjustments for TRS experience. The rates are based on a fully-generational basis using projection table MP-2020. In the June 30, 2021 actuarial valuation, mortality rates were also based on the PubT-2010 White Collar Table with appropriate adjustments for TRS experience. The rates were used on a fully-generational basis using projection table MP-2020.

The long-term (20-year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global equity	37.0 %	5.35 %
Private equity	15.0 %	8.03 %
Income	26.0 %	4.32 %
Real assets	18.0 %	4.60 %
Diversifying strategies	<u>4.0 %</u>	3.40 %
Total	<u>100.0 %</u>	

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 6. Employee Retirement Systems (Continued)

Discount Rate

At June 30, 2023, the discount rate used to measure the total pension liability was 7.0%, which was the same as the June 30, 2022 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and State contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2023 was projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. Tier I's liability is partially funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Employer's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
District's proportionate share of the net Pension liability	\$ 889,224	\$ 722,441	\$ 584,030

Detailed information about the TRS's fiduciary net position as of June 30, 2024 is available in the separately issued TRS Annual Comprehensive Financial Report.

b. Illinois Municipal Retirement Fund (IMRF)

Plan Description and Benefits

Plan description – The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The employer's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 6. Employee Retirement Systems (Continued)

Benefits provided - IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

3% of the original pension amount, or
1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by the Benefit Terms - At the December 31, 2023 valuation date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	163
Inactive employees entitled to but not yet receiving benefits	521
Active employees	<u>59</u>
Total	<u>743</u>

Contributions - As set by statute, the employer's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer's annual contribution rate for calendar year 2023 was 12.04%. For the fiscal year ended June 30, 2024, the employer contributed \$253,108 to the plan. The employer also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 6. Employee Retirement Systems (Continued)

Net Pension Liability - The employer's net pension (asset)/liability was measured as of December 31, 2023. The total pension liability used to calculate the net pension (asset)/liability was determined by an actuarial valuation as of that date. The amount is included in the Prepaid/Accrued Expense on the Statement of Fiduciary Net Position.

Actuarial assumptions – The following are the methods and assumptions used to determine total pension liability at December 31, 2023:

Actuarial cost method	Entry Age Normal
Asset valuation method	Fair Value of Assets
Inflation	2.25%
Salary increases	2.85% to 13.75%, including inflation
Investment rate of return	7.25%
Retirement age	Experience-based table of rates that are specific to the type of eligibility condition updated for the 2023 valuation pursuant to an experience study of the period 2020-2022.
Mortality	For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 108.0%) and Female (adjusted 106.4%) tables, and future mortality improvements projected using scale MP-2021. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021.
Other information: Notes	There were no benefit changes during the year.

The **long-term expected rate of return** on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2023:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Equities	34.5 %	5.00 %
International equities	18.0 %	6.35 %
Fixed income	24.5 %	4.75 %
Real estate	10.5 %	6.30 %
Alternatives	11.5 %	6.05-8.65%
Cash	<u>1.0 %</u>	3.80 %
Total	<u>100.0 %</u>	

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 6. Employee Retirement Systems (Continued)

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability as of December 31, 2023. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The Single Discount Rate reflects:

The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and

The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 3.77%, and the resulting single discount rate is 7.25%.

Sensitivity of the Net Pension (asset)/Liability to Changes in the Discount Rate - The following presents the plan's net pension liability, calculated using the single discount rate of 7.25 percent, as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is 1% lower or 1% higher:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Net pension liability	\$ 3,880,129	\$ 2,426,669	\$ 1,207,272

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions - For year ended June 30, 2024, the District recognized pension expense of \$35,589. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflow of Resources
Net difference between projected and actual earnings on pension plan investments	\$ <u>674,194</u>	\$ -
Total deferred amounts to be recognized in pension expense in future periods	674,194	-
District's contributions subsequent to the measurement date	<u>144,191</u>	-
Total	<u>\$ 818,385</u>	<u>\$ -</u>

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 6. Employee Retirement Systems (Continued)

\$144,191 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	Net Deferred Outflows (Inflows) of Resources
2025	\$ 75,560
2026	225,360
2027	472,311
2028	<u>(99,037)</u>
 Total	 <u>\$ 674,194</u>

Aggregate Pension Amounts - At June 30, 2024, the District reported the following from all pension plans:

	TRS	IMRF	Total
Net pension liability/(asset)	\$ 722,441	\$ 2,426,669	\$ 3,149,110
Deferred outflows of resources	116,351	818,385	934,736
Deferred inflows of resources	159,572	-	159,572
Pension expense (income)	5,253,335	35,589	5,288,924

Note 7. Other Postemployment Benefits

a. Teacher Health Insurance Security (THIS)

Plan Description. The Teacher Health Insurance Security Fund (THISF) (also known as The Teacher Retirement Insurance Program, "TRIP") is a non-appropriated trust fund held outside the State Treasury, with the State Treasurer as custodian. Additions deposited into the Trust are for the sole purpose of providing the health benefits to retirees, as established under the plan, and associated administrative costs. TRIP is a cost-sharing multiple-employer defined benefit post-employment healthcare plan with a special funding situation that covers retired employees of participating school districts throughout the State of Illinois, excluding the Chicago Public School System. TRIP health coverage includes provisions for medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits. Annuitants may participate in the State administered Preferred Provider Organization plan or choose from several managed care options. As a result of the Governor's Executive Order 12-01, the responsibilities to TRIP were transferred to the Department of Central Management Services (Department) as of July 1, 2013. The Department administers the plan with the cooperation of the Teachers' Retirement System (TRS).

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 7. Other Postemployment Benefits (Continued)

The audit report is available on the office of the Auditor General website at www.auditor.illinois.gov, which includes the financial statements of the Department of Central Management Services. Questions regarding the financial statements can be addressed to the Department of Central Management Services at 401 South Spring, Springfield, Illinois 62706. A copy of the actuarial valuation report will be made available by the Commission on Government Forecasting and Accountability on its website at <http://cgfa.ilga.gov/>.

Plan Membership

In order to be eligible, retirees of public schools must have been certified educators or administrators during their time of employment. Eligibility to participate in the plan is currently limited to former full-time employees, or if not a full-time employee, an individual that is in a permanent and continuous basis position in which services are expected to be rendered for at least one school term, and their dependents.

Benefits Provided

The State Employees Group Insurance Act of 1971 (5 ILC 375/6.5) establishes the eligibility and benefit provisions of the plan.

Contributions

The State Employee Insurance Act of 1971 (5 ILC 375/6.5) requires that all active contributors of the TRS, who are not employees of a department, make contributions to the plan at a rate of 0.90% of salary and for every employer of a teacher to contribute an amount equal to 0.67% of each teacher's salary. The Department determines, by rule, the percentage required, which each year shall not exceed 105% of the percentage of salary actually required to be paid in the previous fiscal year. In addition, under the State Pension Funds Continuing Appropriations Act (40 ILCS 15/1.3), there is appropriated, on a continuing annual basis, from the General Revenue Fund, an account of the General Fund, to the State Comptroller for deposit in the THIS, an amount equal to the amount certified by the Board of Trustees of TRS as the estimated total amount of contributions to be paid under 5 ILCS 376/6.6(a) in that fiscal year.

The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.5) requires that the Department's Director determine the rates and premiums of annuitants and dependent beneficiaries and establish the cost-sharing parameters, as well as funding. Member premiums are set by this statute, which provides for a subsidy of either 50% or 75%, depending upon member benefit choices. Dependents are eligible for coverage, at a rate of 100% of the cost of coverage.

District's proportionate share of the net OPEB liability	\$ 1,986,401
State's proportionate share of the net OPEB liability associated with the District	<u>2,686,247</u>
Total	<u>\$ 4,672,648</u>

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 7. Other Postemployment Benefits (Continued)

The net OPEB liability was measured as of June 30, 2023, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2022 and rolled forward to June 30, 2023. The District's proportion of the net OPEB liability was based on the District's share of contributions to TRS for the measurement year ended June 30, 2023, relative to the projected contributions of all participating TRS employers and the state during that period. At June 30, 2023, the District's proportion was 0.027870%, which was a decrease of 0.007972% from its proportion measured as of June 30, 2022.

For the year ended June 30, 2024, the District recognized OPEB expense of \$1,101,301. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB:

	Deferred Outflows of Resources	Deferred Inflow of Resources
Difference between expected and actual experience	\$ -	\$ 1,109,248
Changes in assumptions	26,329	3,904,353
Net difference between projected and actual earnings in OPEB plan investments	790	-
Changes in proportion and differences between District contributions and proportionate share of contributions	<u>6,403,205</u>	<u>8,253,137</u>
Total deferred amounts to be recognized in OPEB expense in future periods	6,430,324	13,266,738
District's contributions subsequent to the measurement date	<u>60,922</u>	<u>-</u>
Total	<u>\$ 6,491,246</u>	<u>\$ 13,266,738</u>

\$60,922 reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30	Net Deferred Inflows of Resources
2025	\$ (1,251,332)
2026	(1,116,760)
2027	(1,081,329)
2028	(1,067,658)
2029	(984,749)
Thereafter	<u>(1,334,586)</u>
Total	<u>\$ (6,836,414)</u>

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 7. Other Postemployment Benefits (Continued)

Actuarial Assumptions.

The total OPEB liability was determined by an actuarial valuation as of June 30, 2023, using the following assumptions, applied to all periods including in the measurement date, unless otherwise specified:

Inflation	2.25%
Salary increases	Depends on service and ranges from 8.50% at 1 year of service to 3.50% at 20 or more years of service.
Investment rate of return	2.75%, net of OPEB plan investment expense, including inflation, for all plan years
Healthcare cost trend rates	Trend for fiscal year 2023 are based on actual premium increases. For non-medicare costs, trend rates state at 8.00% for plan year 2024 and decrease gradually to an ultimate rate of 4.25% in 2039. For MAPD costs, trend rates are 0% in 2024 to 2028, 19.42% in 2029 to 2033 and 6.08% in 2034, declining gradually to an ultimate rate of 4.25% in 2040.

Mortality rates for retirement and beneficiary annuitants were based on the PubT-2010 Retiree Mortality Table, adjusted for TRS experience. For disabled annuitants mortality rates were based on the PubNS-2010 Non-Safety Disabled Retiree table. Mortality rates for pre-retirement were based on the PubT-2010 Employee Mortality Table. All tables reflect future mortality improvements using Projection Scale MP-2020.

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2021 through June 30, 2022.

Projected benefit payments were discounted to their actuarial present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since TRIP is financed on a pay-as-you-go basis, a discount rate consistent with fixed income municipal bonds with 20-years to maturity that include on federally tax-exempt municipal bonds are reported in Fidelity's Index's "20-year Municipal GO AA Index" has been selected. The discount rates are 3.86% as of June 30, 2023, and 3.69% as of June 30, 2022. The increase in the single discount rate from 3.69% to 3.86% caused the total OPEB liability to decrease by approximately \$137 million as of June 30, 2023.

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 7. Other Postemployment Benefits (Continued)

Sensitivity of the Net OPEB Liability to Changes in the Single Discount Rate:

The following presents the District's net OPEB liability, calculated using the Single Discount Rate of 3.86%, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.86%) or 1-percentage-point higher (4.86%) than the current rate:

	1% Decrease 2.86%	Current Discount Rate 3.86%	1% Increase 4.86%
District's proportionate share of the net OPEB liability	\$ 2,218,047	\$ 1,986,401	\$ 1,782,062

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rate:

The following presents the District's net OPEB liability, calculated using the healthcare cost trend rate, as well as what the District's net OPEB liability would be if it were calculated using a healthcare cost trend rate that is one percentage higher or lower.

	1% Decrease (a)	Healthcare Cost Trend Rate Assumptions	1% Increase (b)
District's proportionate share of the net OPEB liability	\$ 1,690,707	\$ 1,986,401	\$ 2,348,667

Current healthcare trend rates - Pre-Medicare capita costs: 6.00% in 2024, decreasing by 0.25% per year to an ultimate rate of 4.25% in 2040. Post-Medicare per capital costs: 0.00% from 2024 to 2028, 19.42% from 2029 to 2033, 6.08% in 2034 decreasing ratably to an ultimate trend rate of 4.25% in 2040.

- a) One percentage point decrease in current healthcare trend rates - Pre-Medicare per capita costs: 5.00% in 2024, decrease by 0.25% per year to an ultimate rate of 3.25% in 2040. Post-Medicare per capita costs: 0.00% from 2024 to 2028, 18.42% from 2029 to 2033, 5.08% in 2034 decreasing ratably to an ultimate rate of 3.25% in 2040.

- b) One percentage point increase in current healthcare trend rates - Pre-Medicare per capita costs: 9.00% in 2024, decreasing by 0.25% per year to an ultimate rate of 5.25% in 2040. Post-Medicare per capita costs: 0.00% from 2024 to 2028, 20.42% from 2029 to 2033, 7.08% in 2034 decreasing ratably to an ultimate trend rate of 5.25% in 2040.

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 7. Other Postemployment Benefits (Continued)

b. Defined Post-Employment Benefit Plan

Plan Description:

The District administers a single-employer defined benefit healthcare plan (the "Postretirement Medical Plan"). Eligible administrators that retire from the District may continue their health care coverage for up to ten years, depending on length of service, with the Board paying the monthly premium. IMRF employees that retire from the District may elect to continue their health coverage by paying the monthly premium. The District subsidize a portion of the cost for hospital and medical coverage for retired IMRF employees and their dependents. The subsidy is an implied age related cost differential based upon the expected higher cost of coverage for retired employees versus the average cost for the entire group. The District also reimburses eligible retirees for a portion of the cost of health coverage at established rates. Benefit provisions are established through contractual agreements and may only be amended through negotiations with the Board. The plan does not issue a separate, publicly available report. All insurance benefits cease when the retired employee begins receiving Medicare coverage, or attains age 65, whichever comes first.

Eligibility

Employees are eligible upon retirement if enrolled in the active medical plan immediately prior to retiring.

The criteria for TRS retirement is as follows:

- ◆ Tier 1 - Employees must be age 60 with at least 10 years of service, or age 62 with at least 5 years of service

The criteria for IMRF retirement is as follows:

- ◆ Age 55 and 8 years of service for those hired before January 1, 2011
- ◆ Age 62 and 10 years of service for those hired on or after January 1, 2011

Employees Covered by Benefit Terms

As of June 30, 2024, the following employees were covered by the benefit terms:

Active employees	150
Retirees	<u>16</u>
Total	<u><u>166</u></u>

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 7. Other Postemployment Benefits (Continued)

Contributions

Contribution requirements are established through contractual agreements and may only be amended through negotiations with the Board. The retiree is responsible for paying the full monthly premium. However, the District provides a monthly reimbursement toward the premium cost at established rates. Monthly benefit to be utilized for retiree health insurance premium are based upon the participant's date of retirement. The benefit for participants who retired before 2010 is \$240 per month. The benefit for participants who retired in or after 2010 is \$250 per month.

Total OPEB Liability

The District's total OPEB liability was measured as of June 30, 2023. The total OPEB liability used to calculate the total OPEB liability was determined by an actuarial valuation as of July 1, 2021, which was rolled forward to July 1, 2022.

Plan Fiduciary Net Position

The District currently pays for postemployment health care benefits on a pay-as-you-go basis. Therefore, no trust has been established for future costs, and no net position is held for postemployment health care obligations.

Actuarial Assumptions

The following are the methods and assumptions used to determine the total OPEB liability at June 30, 2024:

Actuarial cost method	Entry Age Cost
Inflation	2.50%
Payroll increases	N/A
Investment rate of return	N/A
Participation	100% of active employees are assumed to participate upon retirement.
Mortality	Pub-2010 Public Retirement Plans General mortality table projected generationally with scale MP-2021.
Other information: Notes	Actual trend used for fiscal year 2019. For fiscal years on and after 2020, trend starts at 6.00%, and gradually decreases to an ultimate trend of 5.00%.

Discount Rate

The District does not have a dedicated Trust to pay the benefits of the Plan. Per GASB 75, this discount rate is a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. Rates were taken from the Bond Buyer 20-Bond GO index as of the measurement dates.

Notes to the Basic Financial Statements

Note 7. Other Postemployment Benefits (Continued)

Changes in Total OPEB Liability

	Total OPEB Liability (A)	Plan Fiduciary Net Position (B)	Total OPEB Liability (A) - (B)
Balances at June 30, 2023	\$ <u>515,804</u>	\$ <u>-</u>	\$ <u>515,804</u>
Changes for the year:			
Service cost	12,737	-	12,737
Interest on the total OPEB liability	18,494	-	18,494
Changes of assumptions	(5,569)	-	(5,569)
Contributions - employer	-	54,681	54,681
Benefit payments, including refunds of employee contributions	<u>(54,681)</u>	<u>(54,681)</u>	<u>-</u>
Net changes	<u>(29,019)</u>	<u>-</u>	<u>(29,019)</u>
Balances at June 30, 2024	\$ <u>486,785</u>	\$ <u>-</u>	\$ <u>486,785</u>

Sensitivity of the Employer's Proportionate Share of the Total Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the total OPEB liability calculated using the discount rate of 3.86%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.86%) or 1-percentage-point higher (4.86%) than the current rate:

	1% Decrease (2.86%)	Current Discount Rate (3.86%)	1% Increase (4.86%)
Total OPEB liability	\$ 520,699	\$ 486,785	\$ 455,647

Sensitivity of the Total OPEB Liability to Changes in the Trend Rate

The actuarial valuation did not include a health care trend rate, yet assumed there would be no increase in benefit level. Therefore, an estimation of what the total OPEB liability would be if it were calculated using a trend rate that is 1% higher and lower is not applicable.

	1% Decrease	Healthcare Cost Trend Rate Assumptions	1% Increase
Total OPEB liability	\$ 486,785	\$ 486,785	\$ 486,785

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 7. Other Postemployment Benefits (Continued)

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2024, the District recognized OPEB expense of \$37,265. At June 30, 2024, the District reported \$74,089 deferred outflows of resources and \$(74,632) deferred inflows of resources related to OPEB. The following represents the deferred outflows of resources related to OPEB:

	Deferred Outflows of Resources	Deferred Inflow of Resources
Difference between expected and actual experience	\$ 55,074	\$ 16,021
Changes in assumptions	<u>19,015</u>	<u>58,611</u>
Total deferred amounts to be recognized in OPEB expense in future periods	<u>74,089</u>	<u>74,632</u>
Total	<u>\$ 74,089</u>	<u>\$ 74,632</u>

The total deferred outflows related to OPEB will be recognized in future years as follows:

	Net Deferred Outflows (Inflows) of Resources
2025	\$ 2,047
2026	(947)
2027	(945)
2028	2,615
2029	(1,855)
Thereafter	<u>(1,458)</u>
Total	<u>\$ (543)</u>

Note 8. Common Bank Account

Separate bank accounts are not maintained for all District funds; instead, certain funds maintain their uninvested cash balances in a common checking account, with accounting records being maintained to show the portion of the common bank account balance attributable to each participating fund.

Note 9. Risk Management

The District has purchased insurance from private insurance companies. Risks covered include general liability, workers compensation and others. Premiums have been displayed as expenditures in appropriate funds. No material decreases in insurance coverages have occurred nor have any insurance claims in excess of insurance coverages been paid or reported during the last three years.

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 10. Risk Pool - Collective Liability Insurance Cooperative (CLIC)

The District is a member of CLIC, which has been formed to provide casualty, property, liability and workers' compensation protections and to administer some or all insurance coverages and protection other than health, life and accident coverages procured by the member districts. It is intended, by the creation of CLIC to allow a member District to equalize annual fluctuations in insurance costs by establishing a program whereby reserves may be created and temporary deficits of individual Districts covered and to ultimately equalize the risks and stabilize the costs of providing casualty, property and liability protections. If, during any fiscal year, the funds on hand in the account of CLIC are not sufficient to pay expenses of administration, the Board of Directors shall require supplementary payment from all members. Such payment shall be made in the same proportion as prior payments during that year to CUC.

Complete financial statements for CLIC can be obtained from its administrator at 1441 Lake Street, Libertyville, Illinois 60048.

Note 11. Joint Agreements

The District and seven other districts within DuPage County have entered into a joint agreement to provide special education programs and services to the student enrolled. Each member district has a financial responsibility for annual and special assessments as established by the policy board.

Complete financial statement for North DuPage Special Education Cooperative (NDSEC) can be obtained from its Treasurer at 132 E. Pine Avenue, Roselle, Illinois, 60172.

Note 12. Restricted Net Position

The government-wide statement of net position reports \$2,449,046 of restricted net position, all of which is restricted by enabling legislation.

Note 13. Fund Balances - Governmental Funds

According to Government Accounting Standards, fund balances are to be classified into five major classifications; Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance.

Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts.

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 13. Fund Balances - Governmental Funds (Continued)

Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Things such as restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are by definition restricted for those specified purposes. The District has several revenue sources received within different funds that also fall into these categories.

1. *Special Education* - Revenues received and the related expenditures of this restricted tax levy are accounted for in the Educational Account. Expenditures exceeded revenue for this purpose, resulting in no restricted fund balance.
2. *Tort Immunity Account* - Expenditures disbursed and the related revenues received are accounted for in the Tort Immunity Account.
3. *State and Federal Grants* - Proceeds from state and federal grants and the related expenditures have been included in the General Fund and various Special Revenue Funds. At June 30, 2024, expenditures exceeded revenue from state and federal grants, resulting in no restricted balances.
4. *Capital Projects Funds* - Expenditures and the related revenues received are accounted for in the Capital Projects and Fire Prevention and Safety Funds. All equity within these funds are restricted for the associated capital expenditures within these funds.

Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the School Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

Assigned Fund Balance

The assigned fund balance classification refers to the amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent should be expressed by (a) the governing body itself or (b) a body (a budget or finance committee, for example) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.

Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amounts in the General Operating Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the General Funds.

Bloomington School District No. 13

Notes to the Basic Financial Statements

Note 13. Fund Balances - Governmental Funds (Continued)

Expenditures of Fund Balance

Unless specifically identified, expenditures disbursed act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures disbursed for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

As of June 30, 2024, fund balances are composed of the following:

	Major Funds	Nonmajor Funds	Total
Restricted			
Student activities	\$ 43,034	\$ -	\$ 43,034
Debt service	-	86,147	86,147
Retirement	-	699,243	699,243
Tort immunity	-	221,593	221,593
Transportation	-	1,189,269	1,189,269
Capital projects	-	209,760	209,760
Unassigned	<u>18,734,249</u>	<u>-</u>	<u>18,734,249</u>
Total	<u>\$ 18,777,283</u>	<u>\$ 2,406,012</u>	<u>\$ 21,183,295</u>

When an expenditure incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board or the finance committee has provided otherwise in its commitment or assignment actions.

Notes to Schedule

Valuation date: Actuarially determined contribution rates are calculated as of December 31 of each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rate

Actuarial cost method	Aggregate entry age normal
Amortization method	Level percent of pay, closed
Remaining amortization period	20-year closed.
Asset valuation method	5-year smoothed market; 20% corridor
Wage growth	2.75%
Inflation	2.25%
Salary increases	2.75% to 13.75%, including inflation
Investment rate of return	7.25%
Retirement age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2020 valuation pursuant to an experience study of the period 2017 - 2019.
Mortality	For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, future mortality improvement projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

Changes of assumptions

For the 2022 measurement year, the assumed investment rate of return was of 7.0 percent, including an inflation rate of 2.50 percent and a real rate of return of 4.50 percent. Salary increases were assumed to vary by service credit. These actuarial assumptions were based on an experience study dated Sept. 30, 2021.

For the 2021-2017 measurement years, the assumed investment rate of return was of 7.0 percent, including an inflation rate of 2.25 percent and a real return of 4.75 percent. Salary increases were assumed to vary by service credit. The assumptions used for the 2020-2018 and 2017-2016 measurement years were based on an experience study dated September 18, 2018 and August 13, 2015, respectively.

For the 2015 measurement year, the assumed investment rate of return was 7.5 percent, including an inflation rate of 3.0 percent and a real return of 4.5 percent. Salary increases were assumed to vary by service credit. Various other changes in assumptions were adopted based on the experience analysis for the three-year period ending June 30, 2014.

* The amounts presented were determined as of the prior fiscal-year end.

Notes to Required Supplementary Information

Note. 1 Budgetary Data

Annual budgets for all Governmental Funds are adopted on the modified accrual basis of accounting, which is the same basis that is used in financial reporting. This allows for comparability between budget and actual amounts. This is an acceptable method in accordance with Chapter 105, Section 5/17.1 of the Illinois Compiled Statutes.

The Board of Education follows these procedures in establishing the budgetary data reflected in the financial statements:

- The Administration submits to the Board of Education a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted and the proposed budget is available for inspection to obtain taxpayer comments.
- Prior to October 1 the budget is legally adopted through passage of a resolution. On or before the last Tuesday in December, a tax levy ordinance is filed with the County Clerk to obtain tax revenues.
- The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed the budget) is the at fund level. The budget, which was not amended, was adopted on September 25, 2023.
- Formal budgetary integration is employed as a management control device during the year for all Governmental Funds.
- The District has adopted a legal budget for all its Governmental Funds. The legal level of budgetary control is at the individual fund level, therefore, actual expenditures for the governmental funds may not legally exceed the total budgeted for such funds. However, under the State Budget Act expenditures may exceed the budget if additional resources are available to finance such expenditures.
- The budget lapses at the end of each fiscal year.

Percentage collected in total	52.19%	99.73%	99.93%	99.83%	99.70%

Note: The District's ability to increase property tax levels is limited by the Property Tax Extension Limitation Act passed by the Illinois legislature in 1994. The legislation limits the levy increase to the lesser of the increase in consumer price index or five percent of existing property values.

Tax rates represent the dollars paid for each hundred dollars of assessed value.
