

October 31, 2025

Dear Kendra Miller,

We are delighted to inform you that the MiFamily Engagement Center, Region 2, has awarded Boyne City Public Schools an \$8,000 grant for family engagement.

This grant directly supports your project, "Roots of Resilience Week." Your proposal impressed us with its innovative goal to create a resiliency-based, family-centered wellness event focused on connection and belonging for familial well-being and long-term systems change. We were particularly impressed by the decision to provide stipends for parent voice in the planning process and by the intentionally open project details that allow for co-creation. Furthermore, the strategic budgeting which covers a community meal, incentives, and youth supplies while leveraging partnerships and donations for educational stations shows strong sustainability. The project's unique ability to connect parents to other parents is key to building essential community support systems.

Our Accounts Payable Clerk ([charemap@charemisd.org](mailto:charemap@charemisd.org)) will send a DocuSign-secured email to the financial contact identified on your application with instructions for disbursing the funds. Please note that these instructions are for organizations not already set up as an existing vendor. Funds must be expended by September 30, 2026, and the expenditure and follow-up report is due by October 14, 2026.

We are thrilled to partner with you on this essential project and are confident it will make a significant impact on authentic family engagement. We eagerly look forward to collaborating with you and witnessing your program's success.

Please contact me at 231-308-0248 or [Beltzc@charemisd.org](mailto:Beltzc@charemisd.org) if you have any questions or require support.

Sincerely,

Carolyn Beltz  
MiFamily Engagement and Literacy Coordinator  
Region 2
