

So I am not on my computer but I am having to tell you I got offered a job at the store in Waskish as the lead manager.

I didn't expect the job. I applied for a part time job. I would love to stay as a sub and work if I am not at the store. It was a hard decision but same pay and only 5 miles to work and benefits were a little better I couldn't not take the job. I will work mon-wed this week. I am sorry for the not 2 week notice
