Re: Playground Structure for Roosevelt ASD

I would like an opportunity to share at the December 9, 2024, Committee of the Whole meeting, information on the purchase and installation of playground equipment at Roosevelt Elementary for our ASD Center program. Kennedy Recreation will be the company we will use for this project. The cost for the Roosevelt ASD playground equipment and labor total is \$203,592. Pricing comes from the Sourcewell Consortium and the funding for this project will be from the Act 18 budget.

Roosevelt's principal, Diana Shahin, and Maegan Sprow, Director of Student Services, have worked with Harry Lau, Administrator of Facilities & Operations, and Kennedy Recreation to carefully plan for the most appropriate and stimulating playground equipment for the students in school's Act 18 program. This equipment will be exclusively used by these students, per fiscal rules. Please include this item on the agenda. Thank you.
